Committee Cites 7 Michigan Persons For Contempt Of Congress

WASHINGTON (AP)—Seven Michigan men and a woman were named today among 17 persons the House Un-American Activities committee wants cited for contempt of Congress.

Chairman Velde (R-Ill) said citations would be recommended for refusal to answer questions concerning alleged Communist ties.

The eight named from Michigan were witnesses at hearings conducted in May by Rep. Clardy (R-Mich) in Detroit, Lansing and Flint.

U. M. Professor Named

Velde said the committee decided unanimously to recommend to the House on Thursday that it vote contempt citations against the 17, who included witnesses at hearings on the West Coast and in Washington.

Dr. H. Chandler Davis, a University of Michigan mathematics professor who went before the committee at Lansing, was among those named.

Other included two who appeared at Flint and five called at Detroit. They are:

Flint—Marvin Engel and Martin Trachtenberg, two Flint auto workers.

Detroit — Dr. Paul R. Baker, former Inkster school teacher; Bolza Baxter, state chairman of the Labor Youth League; Mrs. Evelyn Gladstone, former Garden City Girl Scout leader and substitute teacher; Curtis Davis, auto worker named by a witness as a former member of an alleged Communist group, and Benjamin F. Kocel, an officer of the Glos Ludowy, Hamtramck foreign language newspaper.

Silent About Others

Velde said the accused either did not invoke the Fifth Amendment in refusing to answer some of the questions put to them or invoked it improperly.

In several instances, the chairman said, the witnesses testified freely about themselves and their associations but remained silent about other persons.

(The Fifth Amendment to the Constitution says no one may be forced to give self-incriminating testimony and has been held a valid reason for failing to answer questions in court and before congressional committees.)

If voted by the House, the contempt citations would go to the Justice Department for prosecution. Conviction carries a maximum sentence of a year in prison and a $1,000 fine.

Prestige Of U. S. With Viet Nam Hits Lowest Ebb

By JOHN RODERICK

SAIGON, Indochina (AP) — American prestige in Viet Nam, largest of the states of Indochina, appears to have hit its lowest ebb since World War II.

Until a few days ago, the United States could still count on the friendship of some element of the population—anti-Communist Vietnamese in the North and the Nationalist government of Catholic leader Ngo Dinh Diem.

Billions Contributed

But reports from Washington that President Eisenhower's administration now accepts the principle of partition of the country seem to have wiped away much of this good will.

It was to save this population from communism that the United States contributed billions to the Indochina war effort against the Vietminh and substantial civilian aid now being directed to help the hapless refugees of evacuated areas in the North. The general feeling in Viet Nam now appears to be that the United States didn't do enough, and much of what it did wasn't done right.

"Instead of giving us aid money and material through the French, why doesn't the United states turn it over directly to us?" one prominent Vietnamese asked recently. "In this way Viet Nam would be able to stand on her own feet feel herself really independent."

French Soldiers Bitter

Much resentment, among both French and Vietnamese, stems from widely published reports of American concern that the aid she hae given might fall into the hands of the Communist-led Vietminh.

"Of course we sympathize with this attitude," a Vietnamese official explained. "But to stress it at this time hardly is in good taste. Many of my people, unjustly or not, feel the United States is acting like a man whose house is afire and is more concerned with the furniture than his family inside."

From Hanoi in the North, Associated Press Correspondent Forrest Edwards reports:

"Americans are regarded with bitterness and disappointment by many Frenchmen. A French soldier told me bitterly, 'We are shedding our blood in your war.'"

Ex-Wife Of Slain Love Thief Sues Detroit Dentist

DETROIT (AP)—A quarter-million-dollar damage suit against Dr. Kenneth B. Small has been filed by the divorced wife of the man he killed, Jules M. Lack, New York businessman.

Only last Saturday, the 31-year-old Detroit dentist was found innocent by reason of insanity in the May 29 pistol slaying of Lack, his pretty wife's suitor.

The suit, filed in Wayne County Circuit Court Monday, asks damages of $250,000 in reparation for the lost potential earnings of the shooting victim and as compensation for the "pain and suffering" of Lack's two sons, John, 9, and Andrew, 7. It was brought by Mrs. Jean A. Lack of New York, ex-wife of the late industrialist, and David C. Lewis.

Mrs. Lack and Lewis are co-administrators of Lack's estate.

Lack, 45, was shot to death by the handsome society dentist during a Memorial Day weekend rendezvous with dark-eyed Mrs. Edith Small in southwestern Michigan.

Still in jail at Allegan, where the trial was held, Dr. Small said: "Seems to me that after the ruling of the jury they couldn't sue an insane man. Where would I get that kind of money? It sounds like baloney to me."

Allegan Atty. Leo Hoffman, who successfully defended Dr. Small, said the plaintiffs would have a tough time trying to make a case.

"They must prove that the trial verdict was wrong and that Dr. Small was not insane when he shot Lack," the attorney said.

Work Completed On Bill To Extend Social Security

By JOE HALL

WASHINGTON (AP) — The Senate Finance Committee meets today to put finishing touches on a bill to extend social security to about six million persons instead of the 10½ million President Eisenhower asked.

In a burst of speed Monday the committee virtually completed closed-door voting on legislation to liberalize and broaden the 18-year-old program.

The senators accepted without change the increases in benefits and tax base recommended by the President. But they rewrote coverage provisions to cut sharply the number of additional persons the administration had suggested for social security.

Up To $6 A Month

The increased benefits, as in the House-approved bill, would mean an average $6-a-month boost for the five million persons over 65 now on social security rolls. The new average monthly payment would be about $57. Everyone on the rolls now and retiring in the future would get a minimum $5-a-month hike over present scales.

In addition, benefit formulas would be liberalized so that, for instance, the maximum payment to a retired individual would be $108.50 a month instead of $85 as a present. For a couple, the maximum would be $162.75. Now it is $117.50.

To finance these, the annual amount of wages subject to taxes would be increased from $3,600 to $4,200. The tax now is 2 per cent on workers and employers.

The major coverage change made by the Senate committee was to eliminate entirely from social security 3,600,000 farm operators and 500,000 professional persons, such as doctors, lawyers, dentists and engineers.

Farm Hands Included

This was a reversal of its vote last week to put them in on a voluntary basis. Members explained yesterday it was felt that if coverage were optional, only those likely to receive the most benefits and pay the least taxes would enter the system. The administration had asked compulsory coverage.

On another point, involving farm workers, the Senate committee went along with the President's full recommendation, although the House had not. The committee voted to extend compulsory coverage to an additional 2,600,000 farm hands. The House bill would bring in only 1,300,000 more. About 700,000 are covered under present law.

Under the Senate version, any farm worker paid $50 in cash by an employer in a three-month period would be covered.

The committee approved voluntary coverage of about 3½ million state and local government employes now under local retirement plans. They would vote whether or not to go under the federal system.

The committee would put ministers under social security only on a voluntary basis and as self-employed if they elected coverage.

Weather

Reported by U. S. Weather Bureau

UPPER MICHIGAN: Mostly fair and cool tonight. Wednesday partly cloudy and warmer.

ESCANABA AND VICINITY: Fair and cooler tonight with low temperature about 55°; Wednesday partly cloudy with high in middle 70°s. Northeasterly winds 6 to 12 mph tonight, becoming northeast to east 10 to 15 mph Wednesday.

Only Bank Closes Up In Valley Center, Kan.; Loss Over $310,000

VALLEY CENTER, Kan. (AP) — Merchants and others in this community of 1,100 were stunned Monday when the town's only bank closed. Bank Commissioner Elmer T. Beck said bank losses would exceed $310,000.

The doors of the Farmers and Merchants State Bank were closed following a week's investigation by state bank examiners. Beck said John W. Basore, the bank's president, admitted irregularities and resigned.

There have been no arrests or charges filed.

Beck said the bank is not protected by the Federal Deposit Insurance Corp.

Farm Losses Mount In Blistering Heat; 260 Die In 2 Weeks

By THE ASSOCIATED PRESS

More blistering heat scorched the central United States today.

It boosted hog, poultry and crop losses and ran the nation's heat deaths in two weeks to 260.

The temperature was 100 degrees or higher Monday from Texas to South Dakota.

However, local thundershowers brought scattered relief in parts of the swelterbelt and somewhat cooler Canadian air began pushing into the Midwest.

The combined effect of heat and drought had farm advisers worried in Illinois, a major corn and livestock producing state.

J. A. Ewing, federal crop statistician, said corn is in only fair condition in the southern half of Illinois. Another week of heat and drought, he said, could cause serious damage.

County fair advisers reported wholesale deaths of hogs and chickens in central Illinois. Farmers near Staunton, in Macoupin County, said so many hogs have died they have been notified to burn the carcasses because reduction plants are swamped with work.

High temperatures included: Wichita, Kan. 107; Kansas City 109; St. Louis 102; Tulsa 105; Omaha, Neb. 103; Vandalia, Ill. 100, and Huron, S.D. 100.

At Little Rock, Ark. thundershowers kept the temperature down to a maximum of 82, compared with 106 the previous day. A surge of cooler Canadian air kept the mercury to 79 degrees in Dickenson, N.D. compared with 100 on Sunday.

Missouri has had the heaviest heat toll this month with 94 deaths. Oklahoma counted 60 deaths, Kansas 40, Illinois 16 and 18 other states from 1 to 8 deaths.

Failure To Put His Nickel In Meter Traps Bank Bandit

DENVER (AP) — A paroled convict's failure to put a nickel in a parking meter led to his arrest Monday after a $9,658 bank robbery.

Taken into custody an hour later as he stopped for a beer and charged with the holdup was Otto A. Atterson, 24, of Denver. He was accused of taking the money at gunpoint from the Metropolitan State Bank in Derby, a North Denver suburb.

Officers said all but $7 was recovered from Atterson's car, parked outside a tavern. A motorcycle Patrolman heard a broadcast description of the bank bandit's getaway car, recalled ticketing it for overtime parking and the arrest followed.

FBI Agent Joseph Schmit said Atterson admitted the holdup.

Cohn Quits Job With McCarthy Red Hunt Staff

WASHINGTON (AP)—Sen. McCarthy (R-Wis) today announced the resignation of Roy M. Cohn, chief counsel of his Senate Investigations subcommittee and No. 1 target of members demanding a staff shake-up.

McCarthy made the announcement in a statement just two hours before a scheduled closed door meeting at which committee members seeking the scalps of Cohn and others were set to seek a show down vote.

Complains of Smears

"The resignation of Roy Cohn must bring great satisfaction to the Communists and fellow travelers," McCarthy said.

"The smears and pressures to which he has been subjected make it clear that an effective anti-Communist cannot long survive on the Washington scene."

McCarthy made public a letter in which Cohn said he was resigning. Because "there appears to be a lack of unanimity among the members of the investigations subcommittee upon the question of continuing my services as chief counsel."

Actually, the committee was reported to be lined up 4-3 in favor of firing Cohn.

Before McCarthy's announcement, there had been widely published reports that Cohn was resigning.

Usefulness Impaired

The Chicago Tribune quoted Cohn as saying: "I feel that my helpfulness to the subcommittee has been brought to the vanishing point. In any future investigation in which I appeared as chief counsel, all the slanders voiced against me would be repeated to minimize the evidence presented."

Cohn's resignation letter was dated Monday. McCarthy's prepared statement of comment on it bore today's date, and was released in his absence from his office.

Grasshoppers Devour Crops In East Utah

ROOSEVELT, Utah (AP)—County commissioners met in emergency session Monday to draft an appeal to Gov. J. Bracken Lee for help as hordes of grasshoppers devastated a 20,000-acre area in Duchesne and Uintah counties of eastern Utah.

Grasshoppers were reported "two to three inches deep" in some fields and eating everything in sight.

Young Robinson Jailed In Holdup

HOLLYWOOD (AP) — Edward G. Robinson Jr., 21, actor son of the movie bad man, was jailed early today on suspicion of robbery.

Sheriff's Sgt. Ray Bowen said two cab drivers had identified Robinson as the man who had robbed them.

He quoted Michael Joseph Piascik, 46, as saying young Robinson struck him over the head with a hard object last June 25 and took $27.

He also quoted Harry Chernack, 49, as saying Robinson shoved a pistol against his right ear and took $11 from him last July 2.

Young Robinson denied guilt. He told reporters the booking was fantastic" and added:

"I don't have a gun. Can you imagine me shoving a gun against someone's head?"

Arrested with Robinson in a car was Nick Peter Dee, 38, a writer. Dee was booked on suspicion of writing checks with insufficient funds.

Last July 9 Robinson was jailed on a drunk charge. In September 1952 he paid a $20 fine on a similar charge.

In July 1952 he was acquitted of a charge of passing a $139.81 check with insufficient funds to pay for two tires, tubes and repairs for his car.

Colleges Draft Expansion Plans

LANSING (AP)—Gov. Williams is demanding Michigan college presidents hurry up and say how they expect to meet the vastly increased enrollments expected in the future.

Williams, at a conference Monday, asked the heads of the tax-supported colleges to be ready by Dec. 1 with a report on future expansion and its financing.

He said the college presidents were agreed that their present enrollment of about 100,000 will double by 1970.

There was inconclusive talk at the conference, he said, about a bond issue to finance college expansion and about creating a new state college, but no recommendations were made.

Williams said he wanted the presidents' views before the Legislature meets next January so that both the lawmakers and the public would have a chance to study them carefully.

Williams said the presidents last year estimated they would need 44 million dollars in the next seven years for expansion and 32 million dollars between 1960 and 1970. That estimate would probably have to be increased now, he said.

Auto Kills Boy, 2

LAKE ODESSA (AP)—Stewart Allen Smith, 2-year-old son of Mr. and Mrs. Lawson Smith, was struck and killed by a car Monday near his home on M50. The motorist said the youngster darted suddenly in front of his car.

Leading Mason Dies

COLDWATER (AP) — Darwood M. Leonard, 67, long active in Michigan Masonic activities, died Monday at his farm near Sherwood in Branch County. He was a Knights Templar commander in both Grand Rapids and Battle Creek.

Lakes Carriers May Tie Up In November As Ore Demand Lags

CLEVELAND (AP) — Huge stockpiles of iron ore had Cleveland shipping firms — which control about 80 per cent of the Great Lakes fleet — talking today about tieing up ships by mid-November, a month early.

The Lake Superior Iron Ore Assn. said there were 34,980,908 gross tons piled at lower lakes port as of July 1, the most since 1938.

The lakes fleet opened its season late this year but because of reduced operations at steel mills, the vessels are still bringing down ore much faster than it can be used.

So far the fleet has brought down about 29,000,000 tons. If the season continued four months longer as it normally does, the total brought down would be around 87,000,000. Shippers estimated that not more than 65,000,000 tons would be needed.

Steel mills are operating at 65 per cent of the nation's rated capacity. And 72 of the country's 203 blast furnaces are idle, compared with the 15 idle at this time last year.

During June only 5,403,217 tons of ore were consumed.

So far 75 of the 275 lakes ore carriers have been tied up.

Action On Atomic Energy Legislation Held Up In Senate

By A. P. BRYAN

WASHINGTON (AP)—The debate-weary Senate meets two hours ahead of schedule again today with little apparent hope for a quick vote on atomic energy legislation which has blocked almost all other action since last Tuesday.

Foes of an amendment which would spell out authority of the Atomic Energy Commission to sign a private power contract for the Tennessee Valley held the floor when the Senate finally quit Monday night after 13½ hours of deliberation.

Threatened By Filibuster

Republican Leader Knowland of California charged a group of Democrats with trying to talk the bill to death. He said he intends to keep the Senate in session at least 12 hours a day until action on the bill is completed. He said the entire legislative program is threatened by an "obvious filibuster."

Democratic Leader Lyndon B. Johnson of Texas said chances appeared slim that the Senate would be able to adjourn by the July 31 target set by Knowland and other GOP strategists.

Sen. Gore (D-Tenn), a leader in the fight against the proposed AEC power contract, had been speaking for more than seven hours when Knowland made his filibuster charge. Gore denied any such attempt but said the bill merited full debate.

Argument On Power

The 104-page measure would revise the entire atomic energy law, giving the President greater power to exchange information with foreign governments and permitting private development of electric energy from atomic materials.

Most of the argument has centered around the proposal for AEC to negotiate a contract for private power to be furnished the AEC at Memphis.

President Eisenhower has directed AEC to deal with a combine known as the Dixon-Yates group for 600,000 kilowatts of power to be delivered to TVA. TVA would continue to deliver a like amount of power to the atomic plant at Paducah, Ky. The proposal is a substitute for TVA's plan to build a steam plant near Memphis with appropriated funds.

Gore and others have contended the proposed contract gives preference to a single group, and would cost the government $3,685,000 more annually than would TVA power. They have questioned AEC's authority to enter into such a contract when the power would not be used directly in an atomic plant.

Telephone Rate Petition Revived

LANSING (AP) — Michigan Bell Telephone Co. has won a second chance to persuade the State Public Service Commission to let it raise rates $22,300,000 a year.

The commission agreed Monday to rehear its May 11 denial of the company's rate increase petition.

As a counter-move, the state and three local governments petitioned the commission to reduce company rates. The reduction petition was filed by Assistant Atty. Gen. Robert A. Derengoski and joined in by attorneys for Detroit, Grand Rapids and Wayne County.

Jack H. Shuler, Michigan Bell attorney, said that company financial conditions had changed since the test period used in the original case. That period ended Sept. 30, 1953.

Derengoski argued that if the commission erred the proper recourse was to the courts. If conditions have changed, he said, the company should filed a new rate application.

Shuler said a new wage settlement reached in June with organized employes cost the company $2,367,000 a year.

He said the result was a $2,300,000 reduction annually in net returns.

Lag In Michigan's Seaway Preparation Blamed On Governor

HOLLY (AP)—Owen J. Cleary, candidate for the Republican nomination for governor, blamed Democrat Gov. Williams Monday night for failing to provide leadership so that Michigan could profit from the St. Lawrence Seaway.

Cleary said, "The utmost of co-operation between the governor and the Legislature and other governmental bodies is a must if this state is to get ready for the predicted 50 per cent growth.

"It can't be expected when a Democratic governor and Republican Legislature are worlds apart in their thinking."

Cleary said other states are "far ahead" of Michigan in planning to open seaway channels for the expected future "boom" in business.

Game Licenses Set New Record

LANSING (AP) — Michigan broke all previous records last year for the sale of hunting and fishing licenses with a total of over 2,370,000.

The previous record was 2,312,879 in 1952-53.

The biggest increase was in small game hunting licenses. Last year 724,400 were sold, compared to 671,828 in 1952-53.

The only decrease was in the sale of resident and non-resident deer hunting licenses. These fell off about 10,000 from the record 465,343 sold in 1952-53—the year of the first special any-deer season.

Publisher Dies

ANN ARBOR (AP) — L. Earle Davidson, editor and publisher of the Coldwater Daily Reporter, died Monday at University Hospital of a heart ailment. He was 54. He had operated The Reporter, Branch County's lone daily newspaper since 1943. Davidson previously had been publisher of the Greenville News

French Agree To Division On 17th Parallel

GENEVA (AP) — East and West, with the United States standing aside, agreed late today to partition Viet Nam roughly along the 17th Parallel, a French source said. He reported only technical difficulties remained to be settled before signing of a cease-fire agreement for Indochina.

The partition line, it was said, will run about 12 miles north of the important highway No. 9, leading from Quang Tri on the coastal road to Savannakhet in Laos.

The French source said the issues involving Viet Nam were all settled with fixing of the partition line. Only a few language difficulties remained in the peace provisions concerning Laos and Cambodia.

Premier Optimistic

Foreign Secretary Anthony Eden of Britain and Soviet Foreign Minister Vyacheslav M. Molotov left the meeting where final details of the peace were being completed late in the afternoon for an hour's recess. They were scheduled to return later for another meeting with French Premier Pierre Mendes-France and Pham Van Dong, the Viet Minh foreign minister.

Mendes-France was reported by French sources to be cautious, but "very optimistic." He has pledged to resign as premier unless a cease-fire agreement is reached by midnight (5 p.m. CST).

The two major obstacles to the signing of an armistice appeared surmounted and conference quarters said an agreement before midnight appeared certain.

One Obstacle Removed

A highly reliable source, who declined to be identified, said the Communists have agreed the United States would not be listed among the powers approving the multilateral general declaration to be issued at the close of the session.

It was learned that the Chinese Communists, who originally asked that the United States be included in the list, were now not inclined

Chrysler Layoff To Hit 40,000

DETROIT (AP) — Hard on the heels of a Chrysler strike which idled 22,000 Monday came a corporation announcement that some 40,000 of its workers face idleness as the result of model changeovers.

The trade paper Automotive News said Chrysler's car assemblies would be halted six to seven weeks beginning next month.

Chrysler merely announced the shutdowns would vary from plant to plant.

The setting up of 500 CIO United Auto Workers pickets around the company's big Dodge Main plant yesterday immediately idled 10,000 employes. And ultimately the company was forced to send home another 12,000 from other Detroit area plants.

A Dodge spokesman said the walkout resulted from the disciplining of two trim department employes last Thursday for refusing to do work assigned them. He denied union charges of a speedup.

News Highlights

CRIPPLED CHILDREN—More than 3,000 crippled children of U. P. will be guests at Shrine Circus in Escanaba. Page 3.

ROAD WORK—Improvement of about 35 miles of Delta County Roads now under way. Page 2.

POTENTIAL — Industrial Realtors to be here Friday on survey of Upper Peninsula. Page 2.

CONFUSION—Need for common sense told by C&NW agricultural director. Page 3.

SCHOOL BOARD — Dr. George Kelly is president of Gladstone School Board. Page 8.

Industrial Realtors Will Visit Escanaba On Friday

One of three groups of a survey committee of the National Society of Industrial Realtors, making a tour of the Upper Peninsula to learn its industrial potential, will meet Friday noon with Escanaba bankers, industrialists, realtors, and leaders in transportation at a luncheon to be held at the Delta Hotel.

The luncheon meeting is being arranged by the Escanaba Chamber of Commerce. Hugh Grow, Chamber secretary, said the following committee members of the Michigan chapter of the National Society of Industrial Realtors will be present:

Sidney Schott, vice president of the Michigan chapter; Harlan Dyboll and William Freeman.

Purpose of the survey of the region is to determine not only the industrial potential of the Upper Peninsula but also how it will be affected by construction of the Straits of Mackinac Bridge and the St. Lawrence Seaway.

Two other groups of committee members will visit the east and west sections of the Upper Peninsula in the survey. They will visit as many communities as possible on their tour, and after completion of their survey they will make their findings available to industrial realtor groups in other states.

The industrial realtors will arrive in Marquette by plane on Thursday, and will begin their tours on Friday. The group coming to Escanaba will visit in Munising, Gladstone, Escanaba, Manistique; will stay over night at Blaney Park; and on Saturday will visit Newberry and St. Ignace.

The three groups will meet at Sault Ste. Marie Saturday afternoon, July 24, and on Sunday will go over their findings perparatory to compiling a report. They will return to Detroit on Sunday.

Proposed City Zoning Changes Outlined In Kiwanis Discussion

Some of the proposals for city zoning changes which have been recommended after an extensive city planning commission survey were outlined for the Escanaba Kiwanis Club at their regular meeting Monday by Jesse Pomazal, planning commission chairman.

Pomazal said that the survey revealed that about 10 per cent of the buildings in Escanaba are non-conforming under the city zoning rules, including a large number of two-family homes which have gradually come into existence on the south side, in an area zoned for one-family dwellings. There have been no complaints received regarding the doubling up of families in this area, Pomazal said, and facilities are adequate to support the heavier population. For this reason it is proposed to change the zoning regulations of this near-southside area to permit two-family residences. This will also include a strip along Ludington Park on Lake Shore Drive.

Another proposed change in zoning rules is to establish a light industry area between industrial and residential areas and out along Ludington street west of 23rd. This would allow light industry as well as residential construction and would legalize the construction of motels, not permitted under present regulations. An extesion of the commercial zone from Ludington street four blocks south on Tenth street is also recommended to all for proposed commercial building improvements and expansion along Tenth street adjacent to the shopping area.

Certificates of occupancy, renewable each year, will be recommended for homes and business places which do not conform to regulations but which are permitted to remain in their present zone.

Results of the survey are to be made public shortly, Pomazal said, and public discussion will be invited an proposed changes in the zoning before they are officially submitted for consideration by the city council.

Twin Cities Will Be Host To 1954 Logging Congress

The ninth annual Lake States Logging Congress Sept. 16-18 will be held this year in not one, but two cities — Marinette, Wis., and Menominee, Mich.

The annual presentation of the Timber Producers Association of Michigan and Wisconsin, which last year drew more than 50,000 people, is held to better acquaint the public and lumbermen with latest in mechanized equipment useful to the logging, sawmill and pulpwood industries.

A three-mile-long parade through downtown streets of the Twin Cities will feature the congress on its closing day, starting at 1:30 p. m. Participating will be numerous bands, drum and bugle aggregations, floats and a million dollars worth of logging equipment — all completely radio controlled.

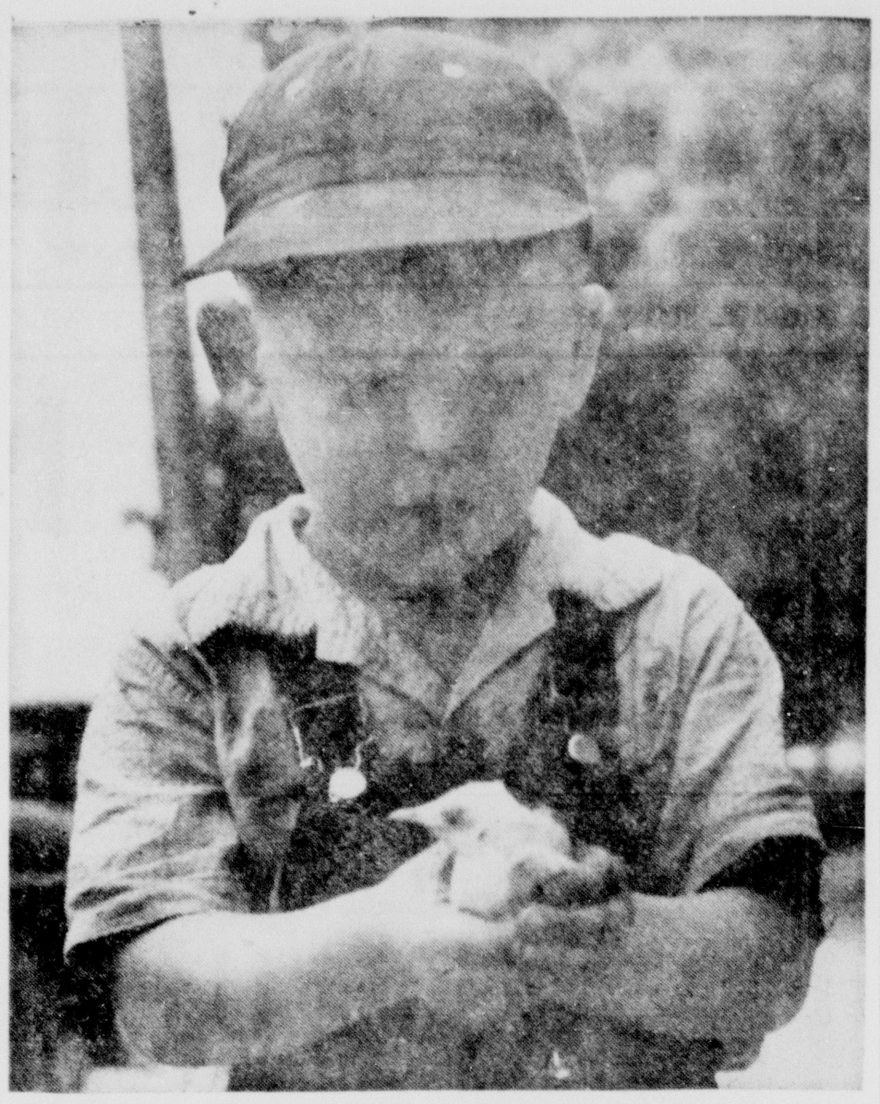
On all three days the public will see for itself working exhibits of power saws, tree planters, fire fighting equipment, cranes and hoists, lumber carriers, safety appliances and varied items of manufactured forest products.

The entire exhibition will be located in Goodfellowship Hall of the Lloyd Manufacturing Co. in Menominee.

Willys Calls Back Laid-Off Workers

TOLEDO (AP)—Willys Motors, Inc. Monday announced plans to recall "several hundred" laid-off workers this week to increase commercial vehicle production.

Informed sources said the recall would affect 400 to 500 workers. Willys now has a work force of about 6,100.



THIS ROBIN TURNED WHITE — Apparently born that way, this baby robin held by David Berg, son of Mr. and Mrs. Arnold Berg of Maplewood, has white feathers. Maplewood community is located east and north of Rapid River. (Daily Press Photo)

Northwestern Not To Abandon Branch At Iron River

IRON RIVER—The North Western railway does not plan abandonment of the Gibbs City branch from Hazel junction in Iron River township, G. C. Stewart of Escanaba, the Peninsula division superintendent, has informed local residents.

Pulpwood shippers had expressed concern earlier this month about the reported possibility that the C&NW would pull up its rails on the 70-year-old Gibbs City branch. One said Consolidated Water Power & Paper Co. had received notice that the railway planned to end service on the branch line in 1955.

Stewart said he knew of no plan to end the branch line, and he checked with the office of the vice president in charge of operations in Chicago and found that office had no plans for abandonment of the line.

Stewart said the railroad is reluctant to discontinue lines when there is any possibility of freight business developing. He said the line has had permission from the Michigan public service commission for some time to abandon its Foster City branch but because several logging firms have given assurance of increased freight tonnage on the line, the line is being retained.

RAILWAY HORSES

British railways still have important uses for the horse and maintain a stud of 75,000 horses with adequate stabling, hospitals and training schools controlled by a horse superintendent.

Start Surfacing Of Delta Roads

The improvement of approximately 35 miles of Delta County roads, about one-half of the total with blacktop surfacing, is under way in the 1954 summer program, it was announced today by William Karas, superintendent-engineer of the Delta County Road Commission.

The Stonington Road, No. 513, (west road) has been completely blacktopped to Squaw Creek following the application of 4½ miles of hard surface. The work was completed last week.

On the Garden Peninsula a remaining gap of gravel road 2¼ miles long has been closed with blacktop surface on the road to Fairport. The job was finished last Thursday, Karas said.

Blacktop Scheduled

A section of the county road north of Garden 1¾ miles long, has been raised in grade and blacktopping of the section will be completed within a week or 10 days.

Old blacktop on the Stonington Peninsula center road, No. 511, is this week being given a seal coating for 3¼ miles.

On County Road 426 to Carrolls Corners the grade is being improved this week with Federal Aid Secondary assistance, Karas said. When the grade is completed this week the surface will be blacktopped during the latter two weeks of August.

Scheduled for completion tomorrow is 15 miles of graveling on local roads in Bark River Township. The project was financed by funds appropriated by the Bark River Township Board.

The County Road Commission is now producing gravel material for blacktopping 1¼ miles on County Road 428 east of Perkins, and surfacing is expected to start within two weeks.

Improve M-35

One of the County's gravel crushers is being moved to West Rock to produce gravel to be used in blacktopping 3¼ miles on the West Road to the county line.

County crews are also completing improvement of a 1½-mile section of M-35 between Fuller Park and the Menominee County line. This section constitutes the only gravel surface on this state route between Escanaba and Cedar River. The section will receive an asphalt surface.

In other work County Road Commission crews are completing construction of rest rooms at Pioneer Trail Park. The buildings were finished two weeks ago, but landscaping has yet to be done.

The work was financed by an appropriation of $10,000 by the Delta County Board of Supervisors, to provide rest room facilities in county parks. The remainder of the money will be used to make improvements in other parks in the county, Karas reported.

Briefly Told

Traffic Ticket—Escanaba police issued a ticket to Robert L. Tallman of Fayette for reckless driving.

• • •

K. of C. Meeting—Knights of Columbus Council 640 will hold a regular meeting at 8 this evening in the club rooms. Refreshments will be served immediately after the meeting.

Showers Possible Late Wednesday

Chances are slight that rain will occur in the Escanaba area before late tomorrow. Thundershowers are possible after that due to a mass of rain clouds moving across the Upper Peninsula region, says S. E. Decker of the Escanaba Weather Bureau.

Temperatures will remain about the same with the high expected to go to 75 today and tomorrow and down to the middle 50's tonight.

Marquette had the highest recorded temperature Monday when the mercury reached the 88 degree mark. Sault Ste. Marie recorded the lowest with 58 while Escanaba had a comfortable low of 66.

Some parts of the country found relief from the intense heat wave which has been hovering over the southwest states. Little Rock, Ark., recorded a high temperature of only 82 degrees as compared to the 106 degrees they had on Sunday. Most of the central plains section of the country is expected to be hot again with temperatures ranging in the 95 to 105 degree bracket.

Wayne Van Remortel Wins ROTC Honors

Wayne C. Van Remortel, son of Mr. and Mrs. Carl Van Remortel, of Fayette, has been cited for high scholastic achievement during the last year in a special order just issued by Lt. Col. Comet Gibson, commander of Western Michigan College ROTC, Kalamazoo.

Fifty-nine other ROTC cadets at Western Michigan College were cited also. These cadets, who are sophomores, juniors and seniors next fall, will be entitled to wear the academic achievement award of a gold wreath affixed to their right blouse sleeve.

Don't Confuse Changing Times, Gramlich Warns

Change is a normal procedure typifying a healthy economy, but how we react to change can create either orderly progress or confusion, Howard J. Gramlich, Chicago, director of agriculture for the Chicago & North Western Railway, told the Escanaba Rotary Club at its meeting Monday noon at the Delta Hotel.

Gramlich was introduced by G. C. Stuart, superintendent of the C&NW's Peninsula Division.

Noting that there has been a big change in farming as well as in other lines of production in the nation in the past 50 years, Gramlich said that "confusion rather than common sense appears to have prevailed since the close of World War II."

Farm And City

"It is hard not to be confused today," he said. "They tell us that the electric frying pan will replace the cook stove; and that plans are being made to utilize atomic power for civilian use."

Politically there is confusion, he noted, adding that nations, like elderly executives, can "stay too long, feeling that they are indispensable." He warned that this country should not get "into that position" in international affairs.

Many of the changes in agriculture have been produced by the miracles of science, Gramlich said. The development of hybrid strains, mechanization of the farm, and other changes have brought both progress and confusion.

Typical confusion was described by Gramlich as the situation in Minnesota, the nation's No. 1 butter producing state, where the dairy farmers are growing soya beans in large quantities for the manufacturers of oleomargarine. Now ranking 4th in the production of soya beans, Minnesota farmers are "growing them right beside the cow pasture."

No Future Surplus

Meanwhile the Minnesota legislature is banning the sale of yellow oleo and placing other restrictions on the product.

The long-range picture does not appear so confusing, Gramlich believes.

The United States is heading toward a tremendous increase in population, together with the withdrawal of many acres of farm land from production as cities expand and industries decentralize.

Larger population, plus the fact that Americans each month consume their own weight in food, plus the growing trend toward larger urban populations and fewer farmers, will bring an end to any problem of food surpluses, Gramlich believes. The problem will then become one of increasing the yield per acre to feed our own people.

Successful Show Staged As Benefit At Bark River

BARK RIVER — Folks from Bark River, Wilson, Sweden, Carney and Escanaba joined in producing a successful talent show Saturday evening at the Bark River Community Building for the benefit of a Bark River family.

Leo Brunelle was master of ceremonies and the music was furnished by Miss Betty McNaughton and Miss Evelyn Bergstrom, pianists. Winners were chosen by audience applause.

The program opened with selections by the Escanaba Barber Shoppers. "Keep America Singing", "The Johnson Boys", "Gee, It's Great To Lead A Band." "I Love the Way You Roll Your Eyes" and "As the Caissons Go Rolling Along." In the group were Lowell Sundstrom, Dick Schmeltzer, Harold Valentine, S. E Decker, Earl Owen, Norman Dahlke, Dan Danielson, Fritz Provencher and Eddie Olson.

Following numbers were:

Black Hawk Waltz, piano solo —Sharon Bergstrom.

Make Love to Me, vocal—Marilyn and Sandy Bergstrom

Too Old to Cut the Mustard, vocal—Bette Olson, Lois Hall and Helen Larson.

Tap dance — Mary Ann Nault and Jill Constantineau.

Maggie Blues, vocal—Katherine and Terry Deloughary.

The Doughnut Song — Frank Romain.

Nikolina, vocal—Emil Myrvall.

O Mien Papa, trumpet solo — Jimmy Erickson.

Nikolina, vocal—Stig Berg.

Jig—Art Sundquist.

Songs—Edgar Erickson, Eddie Polk, Dave Deloughary.

What a Friend We Have in Jesus, vocal—Maurine Linder and Elaine Krause.

Assembly singing, led by Mr. Brunelle, closed the program.

Winners, tied for first, were Mary Ann Nault, Jill Constantineau, Sharon, Marilyn and Sandy Bergstrom.

All proceeds of the show will be presented to the Bark River family.

SOLO ABODE

Ba Venda tribe natives, in Africa, habitually build little round, thatched huts in which only one person lives, so they do not move in with their wives or in-laws.

Coming To Escanaba:

Shrine Circus Is Free To 3,000 Crippled Children

More than 3,000 crippled and handicapped children of the Upper Peninsula and northeastern Wisconsin will attend the Shrine Polack Brothers Circus Saturday afternoon at Escanaba as guests of the Shriners.

Proceeds from the circus, which will be presented in Escanaba Saturday and Sunday, afternoon and evening, before the grandstand at the U. P. State Fair Grounds, go to Shrine hospitals and their program of treatment of crippled and afflicted children.

Reserved seats for all performances of the Shrine Circus are now on sale at Gust Asp's. Matinees will be presented each afternoon at 2:15 and the evening show starts at 8:15.

Shrine Club Sponsor

Opening night of the Shrine Circus, whose appearance here is exclusive in the Upper Peninsula this year, will be marked by a ceremony of six or seven minutes presented by the Shrine Band and Shriners from Ahmed Temple, Marquette.

The local committee comprises the following: B. W. Hall, general chairman of the circus; Dick Perring, Shrine Club president; Warren Morrison, William Leiper, C. Arthur Anderson, W. D. Ladouceur, Arni Maki, and others of the local Shrine Club.

The crippled and handicapped children who will be guests at the Shrine Circus will arrive in Escanaba by bus from Upper Peninsula communities and from as far south as Oconto. Two hundred children are scheduled to come from the Wisconsin area.

Many Fine Acts

The Polack Circus brings many headliners that have appeared in Europe and throughout the world. There is the brilliant French team of Geraldos, an aerial adagio double trapeze act.

Poly Orea and her 16 white spitz dogs, an act that originated in Hungary, is a brand new canine routine, while the Italian Gogenos are acrobats with dash and dexterity.

Walter Klauser's performing bears, recognized by the profession as among the smartest bruins in captivity again will feature Goldilocks, the vivacious blonde daughter of the trainer. She handles the five bears herself.

The famed Wallenda family of highwire experts, Gene Randow and his clowns; the M.G.M. Hollywood Tarzan elephants, Voyse and his American troupe of flying-return aerialists and the Merky German comical gymnasts are other top performers.

Escanaba Legion Staff Installed

New officers of Cloverland Post 82, American Legion, were installed Monday night at a meeting held in the dugout room of the Legion building at Escanaba. C. Elmer Olson acted as installing officer, and the following veterans took over as the staff for the coming year:

Commander, Oscar Seguin; adjutant, John E. St. Martin; finance officer, Edward Anderson; vice commanders, Herman Mielke, Ben Johns, Louis Kickbush, Leo Knauf (Bark River); sergeant-at-arms, Robert Seguin; chaplain, Archie Wood; historian, Tom Beaton; publicity officer, Jack Novak; welfare officer, William Butler.

Standing committees for the ensuing year are: house committee, William Butler, William Perron, Rene Lippens, Roland Peterson; budget and finance, Tom Beaton, Mildred Bawden; executive, Cliff Vadnais, Edward Anderson, Jack Novak; real estate, C. Elmer Olson, C. Arthur Anderson, Roy Baldwin, Cliff Weir.

Skandia Resident Dies From Burns In Freak Accident

SKANDIA—Elmer L. Bergh, 40, Skandia, died Sunday morning in the Veterans Administration hospital, Iron Mountain, as a result of burns suffered in a flash fire which occurred May 31 in a house in West Branch Township.

Bergh and two brothers-in-law, Eugene Marceau, 26, West Branch and Robert Marceau, 26, Harvey, were badly burned in the fire set off by an unusual explosion in the home of Albert Marceau, County Road 545, West Branch.

They were placing a cover on the counter top of the kitchen cabinets of the Marceau home when the blaze occurred.

State police and Fire Chief R. W. Bystrom have investigated and said the blaze apparently occurred when some vapor from a paste being applied to the counter top was ignited by the pilot light on a hot water heater.

The paste had a gas base.

RECESS VS. ADJOURNMENT

When Congress takes a recess, it sets a date for reconvening. When it adjourns, it does not reconvene until the next regular session or until called by the President.

Two Negaunee Boys Are Wounded While Playing With Gun

NEGAUNEE — Two Negaunee youths received slight wounds over the weekend as a result of accidental shootings occurring in the area back of the Cambria location near Teal lake.

According to Police Chief Arne Pynnonen, serious injuries were averted in both cases due to the fact the youngsters were using fine-shot shells in .22 rifles, instead of regular bullets.

Larry LaMere, 14, accidently wounded Gregory Rochon in the right shoulder and David Johns shot Joseph Prisk in the first two fingers of the right hand.

In both cases no bones were broken, the fine shot merely penetrating the skin.

Clear Lake Camp Open To Groups

The Clear Lake Organization Camp, a 600-acre lake with a 20-acre camping and recreation area in the Hiawatha National Forest northeast of Escanaba, is again being used to advantage this summer by youth, church and other organizations in this and nearby areas.

Operated by the United States Forest Service Escanaba headquarters, the camp is located a mile and a half east of M-94 and six miles south of Shingleton. It offers a play field, baseball diamond, eight eight-unit cabins (quarters for 64 plus the staff), an infirmary, laundry, modern rest rooms, kitchen, recreation hall, study, docks, sand beach, running water electric lights and a dining room seating 90 persons.

"Although we are booked solid for the remainder of the summer, we particularly urge groups interested in reserving the camp for use during a certain period next summer to contact us without delay," C. L. Harrison, U. S. forest supervisor stationed in Escanaba, said this morning.

"Anyone interested is asked to visit our offices in the Escanaba post office building or to telephone us at 458 in Escanaba.

"We are urging this because we got a late start this season, and the camp was not used during the period June 13 to July 3. The camp is reserved for the month of August, 1954, by the YMCA of Milwaukee, but it could possibly be sub-let from them for the last two weeks in August. Anyone desiring information in how to go about doing this is asked to notify us."

Harrison said that only a reasonable charge to cover maintenance is made by the U. S. Forest Service for use of the camp.

In addition to the Milwaukee YMCA organization, other groups making use of Clear Lake camp this summer are the Sion Lutheran church of Marquette and the Campfire Girls of Sault Ste. Marie and other communities in the Upper Peninsula.

Drills Balanced By Recreation Program At Camp Grayling

It won't be all work and no play for the members of Company C 107th Engineers attending the 1954 summer camp field training from Aug. 7 to 21 at Camp Grayling. According to Capt. Roy J. Johnson, local commander, the two-week period will afford a full progam of sports and recreational activities for all men willing to participate, to counteract a rugged combat training schedule.

After a full day in the field, local Guardsmen will have a choice of several sports and recreational events scheduled for the after duty hours. In addition to all this activity, there will be a fine selection of motion pictures each evening in the unit mess halls and in the outdoor theatre at camp.

The local company will have a softball team, captained by Cpl. Arnold Breitzman, and an entry in the volleyball tournament is also planned.

Swimming from the recently enlarged beach at Lake Margrethe will attract many men, with supervision by a Red Cross safety director and organization life guards. Cpl. Donald Brewer, Gladstone will be in charge of instruction and contests.

Chaplains of all faiths will be on duty with their units, during camp time. Regular church services will play a prominent role in the training period, highlighted by the annual memorial services on Aug. 15.

Wonderful New Kind of
ALL-IN-ONE CAPSULE FOR
EASY REDUCING
Science Now Helps You Take Off Your Fat While You Eat The Foods You Choose

Too fat because you eat too much? Just can't seem to diet because you're a real glutton when it comes to butter, gravy, potatoes? Have you spent dollar after dollar for pills and tablets and in spite of everything you're still too fat?

COUNTERACTS HUNGER

Recently science discovered and compounded a new tiny capsule combining all the recognized proven aids to reducing found in all the products offered today, proteins that build energy but burn off excess fat, vitamins and minerals often lost when cutting off fattening foods, vegetable cellulose food with no calories yet give the feeling of a full contented stomach. These tiny capsules actually equal and exceed many a meal.

Fat Goes Fast From All Over The Body

See fat disappear from stomach, bust, face, chin, neck, arms, legs and ankles. You'll be surprised at the pounds you lose the first week, the inches that disappear the first month. There's no starvation dieting hunger, no drugs, no exercise.

AT LAST: A MEAL of VITAMINS, MINERALS and BULK ALL-IN-ONE EASY-TO-TAKE CAPSULE!

Take ALL-IN-ONE Capsules, then eat as much as you need to satisfy your hunger. You won't eat as much because you won't have the craving for big meals.

AND THE COST? Absolutely nothing unless you grow slim, more youthful looking, more active and enjoy better health. ALL-IN-ONE Reducing Capsules, enough to lose pounds fast, are only $2.98 at your druggist on the guarantee you must be satisfied with the weight you've lost or reurn for your money back. *For easy reducing* get ALL-IN-ONE CAPSULES *today!*

Mr. and Mrs. Kenneth LaVigne and family of Anderson, Ind., are vacationing this week at the Rose Nepper home.

Mr. and Mrs. Edwin Sundin and children of Manistique were Sunday guests of Mr. and Mrs. Jacob Landis.

Three Youths Sent To Reform School After Crime Spree

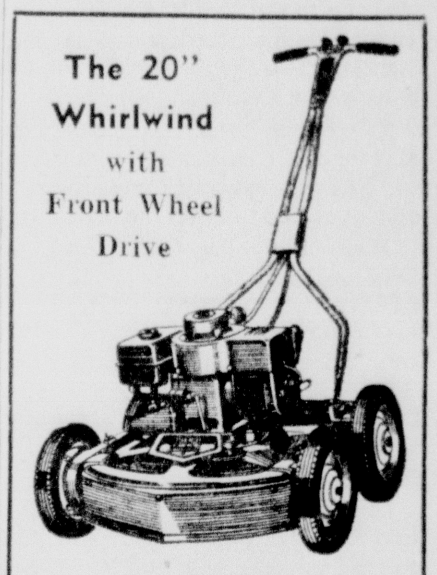
MENOMINEE—Three Menominee boys, 14, 15 and 16 years of age, who parlayed a couple of felonies in a wild series of auto thefts and check forgeries last weekend, were committed to the Boys Vocational School at Lansing by Juvenile Judge Katherine Stiles Laughton and only saved from more drastic punishment when the Federal Bureau of Investigation waived jurisdiction in the case.

The FBI entered the case because the boys had violated the federal law prohibiting the transportation of a stolen motor vehicle across state lines.

In addition to committing them to the Lansing reformatory Judge Laughton ordered them to pay the difference between what the auto insurance will pay and the $150 damage to the car stolen here and also to reimburse the food markets for the $39 they got with the worthless checks.

They will also have the FBI court to face until they are 21 years old if they are involved in any more auto thefts after they are released.

Judge Laughton warned that any juvenile brought before her in the future for auto theft will be committed to Lansing, even on first offense.



The 20" Whirlwind with Front Wheel Drive

Editorials—

CIA Could Be Scrutinized By 'Watchdog' Committee

HOW to check on the effectiveness and soundness of such a supersecret federal organization as the Central Intelligence Agency is a difficult problem. Its activities cannot be discussed and paraded in public hearings without giving immeasurable help to the Communists.

There has been no congressional scrutiny of the CIA since it was established in 1947 as this country's principal coordinator and evaluator of foreign intelligence.

More than once in the past year or so Senator McCarthy has declared that the CIA is infiltrated with Communists. He has assigned some of his investigating committee staff men to probe the agency, but has been blocked by CIA Chief Allen Dulles and President Eisenhower from getting the sworn testimony of CIA employes.

Dulles and the President take the position that far more harm than good would come from the kind of investigation McCarthy could be expected to conduct.

Now, the reconstituted Hoover Commission, studying government reorganization, has announced it will look into CIA and kindred foreign intelligence activities. A task force headed by Gen. Mark Clark, former Far East commander, will handle the study.

No indication was given what led the commission to this decision, or what, specifically, it will do.

It is a fair guess, nevertheless, that the efficiency and general soundness of the agency will be closely checked. Whether "soundness" may be taken to include "security" cannot be said.

The Hoover Commission is a highly responsible organization. Its inquiry seems certain to be conducted quietly, thoroughly, and fairly. The country, and the Congress, will have a better idea of CIA's value when General Clark reports his findings.

Yet this move can hardly provide the lasting answer to the problem of checking on so secret an agency. In an earlier report, the Hoover group itself suggested creation of a permanent congressional "watchdog" committee for CIA, on the model of the Joint Committee on Atomic Energy. The proposal deserves to be adopted.

President's Program Lagging In Congress

AS the 83nd Congress goes into the homeward-bound stretch, the batting average on President Eisenhower's "middle of the road program that will be good for all America" is low. In fact, to date, Congress has given the President only 20 per cent of what he has asked for.

There are 112 proposals that the President has sent to Congress in his various State of the Union, Economic, Budget and special messages. As of July, Congress had completed action on just 22 of them.

From January through June of this year Congress has passed 175 legislative measures. Seventy-one of these measures were passed in June. Having frittered away a great deal of time in the first five months, the Congress really began to get down to work in June.

For the first time in many years, all of the 10 major appropriation bills for financing government operations in the fiscal year beginning Julyy 1 were passed before June 30.

That is a commendable record. Furthermore, the Congress cut the President's budget from $44.2 billion to $42.6 billion. Some of the $1.6 billion saved may have to be reappropriated in deficiency bills next year, but it's still a good showing.

In the final month or more of this session, Congress may complete action on many other measures. If it does, the President will have a better record to put before the voters in November.

But when so much work is crowded into the final months of a session, it often results in a lot of emotional, political—almost screwball—legislating like the Senate's farcical last-minute amendments on the tax reform bill.

The President's program is too important for this kind of monkey pusiness.

Words, Wit & Wisdom

By William Morris

Greetings to DOWN BEAT, one of our favorite magazines, on its twentieth birthday! Today's morning mail brings the oversize anniversary issue of this lively, ever-stimulating trade magazine of the popular music industry.

Now it may seem passing strange that a philologist like myself—a dry-as-dust pedant in the eyes of the general public—should delight in a breezy, slangy sheet like DOWN BEAT. But the fact is that anyone who wants to keep abreast of the changes in and additions to our ever-growing American language must follow the publications of many different industries and professions, for in these journals the jargon, which may or may not become the general currency of language, first appears in print.

Thus, when DOWN BEAT was very young and I first began to read it—about 1938, I should say—its columns were already dotted with expressions like hep, corny, in the groove(later corrupted by teen-agers into "groovy"), jive and many more which have since adorned the bright lexicon of contemporary slang.

But these contributions to language lore —the careful and conscientious mirroring of the colorful cant of the "sidemen" (orchestra musicians, to you) is not the BEAT's only claim to my admiration. Over the years it has fought the valiant and often unsuccessful fight for recognition of the popular musician as a normal and, on the whole, admirable member of our society. When headline-seeking politicians have sought to damn the whole profession for the sins of the few, trying to label all jazz musicians "reefer smokers and dope addicts," DOWN BEAT has been ready with a forthright defense of the innocent and an equally forthright condemnation of the few whose actions serve to "justify" attacks on the profession as a whole.

Mostly, though, DOWN BEAT deserves congratulations because it has taken on an awesome task—the chronicling of the activities of a farflung, individualistic and peripatetic group—the popular musicians of America—and done the job superbly well.

Into The Past

10 YEARS AGO

Escanaba—The state hghway department office at Escanaba is opening bids for the blacktopping of 142 miles of highway in Upper Michigan.

Escanaba—C. Elmer Olson was elected commander of the Escanaba Post of the American Legion.

Escanaba—A clogged gas main held up city gas service for nearly five hours. Downtown restaurants were particularly hit. Accumulation of tars in the main caused the trouble.

20 YEARS AGO

Escanaba—Douglas Malloch, noted poet, entertained Gladstone and Escanaba Rotarians by reading a group of his poems.

The Doctor Says . . .

Removal Of Kidney Stones May Not Require Operation

By EDWIN P. JORDAN, M. D. — Written for NEA Service

Those who have "passed" a kidney stone usually say that this is the worst pain which they have ever experienced. Occasionally a stone may "pass" without producing any sensation, but this is the exception.

"Silent" or painless stones, however, are often present in the kidneys. In general there is no doubt that a moving kidney stone is about as painful as anything which a human being may be called on to endure.

* * *

MOST KIDNEY STONES are formed in which is called the pelvis of the kidney, that is, the irregularly shaped space inside the kidney which empties into the ureter or passageway leading to the urinary bladder.

Later, such stones may pass into the ureter, down into the bladder and out in the urine. They often stick in the ureter where they frequently produce terrific pain and bleeding.

Stones may occur at any age, but are most common between 25 and 40. They often grow so slowly as to cause few, if any, symptoms and therefore may have existed for many years before a diagnosis is made. They are somewhat more common in men than in women.

* * *

MANY EXPLANATIONS for the formation of stones have been suggested, including slowed urinary secretion, infection, vitamin deficiency, climate, heredity and a disturbance in the manner of excretion of certain salts ordinarily excreted through the kidneys.

This latter theory has considerable support and is based on the principle of crystallization of salts with which those who have studied chemistry are familiar.

Once an acute attack of pain from kidney stones has developed, it is important to make sure that the stone does not stay permanently lodged in the ureter.

* * *

IF IT SHOULD stay there, it can result in serious complications by blocking the flow of urine and leading to infection and other troubles.

The location of most stones can be discovered by the use of the X-ray, and physicians with the proper equipment can generally remove the stones or assist them to pass if that seems desirable. Occasionally open operation is necessary.

The other important aspect of treatment besides removal of an existing stone is the prevention of additional stone-formation. This is often a difficult problem and may involve regulating the acidity of the urine, the elimination of infections, the careful choice of diet, and sometimes the use of vitamins.

Only an expert can decide the proper steps for the individual patient and then only after the chemical composition of the stone is known.

Today In Washington

By DAVID LAWRENCE

WASHINGTON—What is "conduct unbecoming a member of the United States Senate" and what is meant by "contrary to Senate traditions" and what is "conduct that tends to bring the Senate into dispute"?

These phrases, contained in a resolution sponsored by Senator Flanders of Vermont, Republican, could, if properly investigated, take many weeks of hearings and would make a vivid television show because hardly a member of the Senate could satisfy any other member as to what is or is not "unbecoming" especially if grabbing headlines and publicity is hereafter to be regarded as taboo.

Senator Flanders, who has proposed the condemnation of Senator McCarthy of Wisconsin, Republican, for his "conduct" as chairman of the subcommittee on government investigations, has been getting a lot of publicity himself in recent days by his personal attacks on and innuendoes about the Wisconsin senator. Mr. Flanders as a senator has a right to do this and anybody introducing a resolution to censure the Vermonter for these stunts on radio and television would be acting "contrary to senate traditions" because there is no limitation on a senator's efforts to try to get publicity or to smear anyone or to discuss any subject whether or not it is pertinent.

SHOULD EXPRESS VIEWS

The Vermont senator is quoted, for example, as saying that it is no business of the Senate committee on government operations to investigate the presence of foreign spies in private industry as this has nothing to do with governmental operations. It must have been a misquotation because just a couple days ago the Secretary of Defense was telling the Senate Armed Services Committee that the Defense Department was badly in need of legislation on this very point as many contractors, engaged in defense projects, couldn't fire employees suspected of espionage without involving themselves in all sorts of legal complications.

As for the "conduct" of a senator, many things might be covered by that vague phrase. The core of the issue, however, is the expression of views or opinions that are unpalatable to other senators. It is the essence of good liberalism that a man should not be punished merely for the expression of his political views. If the "censure" resolution technique is to become customary, then every time a senator doesn't like the views expressed by a chairman of a committee he can introduce a resolution and presumably get a note on whether the "conduct" of that chairman is or is not "unbecoming."

Also, if the "censure" idea is carried to its logical conclusion, then there can be offered a resolution of "condemnation" any time a group of senators from certain states dislike what the people of other states do in electing certain men to the senate. Thus the senate might find itself asked to resolve solemnly that the people of the state of Wisconsin—or even the people of Vermont—are to be censured for sending to the Senate anybody who doesn't accept the political concepts of the other senators or their attitude toward the best ways of getting rid of spies and subversives in our government.

THE WHITE AFFAIR

Much has been said about Senator McCarthy's "method"—as if his procedures are materially different from those of other chairmen of investigating committees during the last 30 years. Certainly he is guilty of intemperate outburts at times and occasional unfairness due to overzealousness, but former President Truman was often as intemperate and unfair and yet "Trumanism" was never the subject of a movement to impeach.

Indeed, it's strange how much time and energy and news space are being used up in trying to censure Senator McCarthy and yet not a single resolution has been introduced to censure the Truman administration for having continued in its employ Harry Dexter White after J. Edgar Hoover, director of the FBI, had warned against such a course. Speaking of unwillingness to reply to questions propounded by a congressional committee, Mr. Truman refused on technical grounds to answer any questions by a house committee last year and hence has never explained why, after the FBI evidence was given him, he wrote in subsequent months two separate letters highly commending White for his services.

Was this "conduct unbecoming a President of the United States?" or are some senators interested only in attacking the conduct of a man who is vehemently fighting the continuance of Communist operations in America and who is exposing especially the abuse of the fifth amendment privilege? This provision of the constitution was never intended to permit wrongdoers to conceal the knowledge they may have of the guilty acts of others. The FBI cannot prosecute such persons but congressional committees can uncover publicly certain facts on which prosecutions can often be based. That's how Alger Hiss was caught and sent to jail.

Questions and Answers

Q—Who's supporting President Eisenhower the most—Republicans or Democrats?

A—Republican Members of Congress voted "with" the President 74 per cent of the time in 1954 through May 18, compared to 39 per cent for the Democrats, according to a Congressional Quarterly survey of 37-roll-call votes providing clear-cut tests of support for Eisenhower's program. But 26 of the President's 30 victories on the votes would have been impossible without help from Democrats who provided the necessary margin.

* * *

Q—I recall that several times in recent years Presidents have refused to give Senate Committees private information they requested. Did any President ever turn down the House of Representatives?

A—Attorney General Brownell has listed some instances in which the Executive Branch rejected Congressional demands for secret data throughout the nation's history. Out of the 23 cases he cited, 12 involved the House of Representatives or House Committees, and 11 concerned the Senate or its committees.

Savannah River Plant Turning Out Material For The H-Bomb

UNITED STATES ATOMIC ENERGY COMMISSION SAVANNAH RIVER PLANT

FRONT DOOR TO SAVANNAH RIVER PLANT: Only a surprisingly few cars parked outside reveal the activity going on inside this nuclear factory, which will cost $1.4 billion when finished.

By DOUGLAS LARSEN

AUGUSTA, Ga. —(NEA)— The U. S. Atomic Energy Commission's Savannah River Plant, the mightiest single defense project ever built in America, is nearing completion.

There's now less than a year to go on some major construction. Eventual cost will be $1.4 billion.

Already the complex network of completed plants is turning out great quantities of the mysterious nuclear products needed by hydrogen and atomic bombs, and perhaps, some day, atomic energy for peaceful purposes.

Less than 12,000 construction workers, on a 40-hour week, remain down from a peak of 38,500 men working a 54-hour week.

* * *

Close to 7000 persons are now employed in the actual operations of the vast plant which occupies 200,646 acres of what was formerly pastures, crop-lands and woods. That's only 200 operating personnel short of the total number needed for full-blast production.

All of the 6000 persons who formerly lived in the area have been transplanted to neighboring communities along with 5300 graves of their kin. Only about 20 of the old stores, barns and homes in the former community of Ellington are left standing. They are used as offices, warehouses or will soon be sold for salvage.

Maximum security naturally blankets every phase of the plant's operation. However, Curtis A. Nelson, AEC manager, gives an enthusiastic general report.

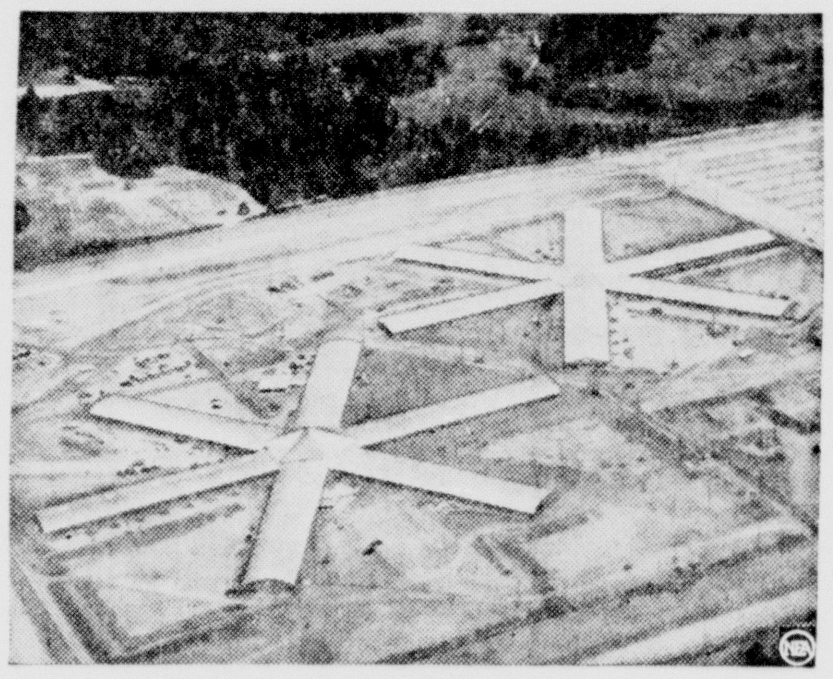
He says it is turning out nuclear materials approximately according to the original schedule. No major production bugs have crept in. In several cases, where the pilot plant stage of production of new materials has been skipped, the original plant designs and processes have proved successful.

* * *

Working relations with the du Pont company which built and operates the plant are excellent, he reports. No labor troubles have interfered with production.

The city of Augusta and adjoining communities have successfully absorbed the social and economic impacts of the plant.

The changes which have taken place during the past two years, when this reporter last visited here, are drastic. Then swarms of construction workers jammed the newly-constructed four-lane highways. Innumerable pieces of huge earth-moving and construction machinery moved about with great noise and confusion. Gigantic sandy scars, where unbelievable yards of earth had been excavated, covered the landscape.



CONSTRUCTION OFFICIALS occupy these star-shaped buildings at Savannah. Unhunted woods beyond teem with wild game.

Tons upon tons of construction materials were piled all over the place. There were deep, raw holes in the ground where foundations were being poured.

* * *

Today it is all different.

Lush green growth covers the sandy scars. Everything is as neat as an Army camp. Only smoke pouring from tall chimneys and the surprisingly few cars parked near each plant reveal activity inside.

Relatively few people are needed for the manufacture of nuclear materials. And the violence of the chemical and physical reactions involved is contained within the immensely thick gray concrete walls and torturously-bent piping arrangements.

Apparently to prevent possible chain-reaction explosions, and for best security from air attack units of the plant are built on individual, widely-separated plots.

As you drive over the maze of new roads connecting individual plants their huge unintelligible shapes spring at you around each curve and over each hill.

* * *

The visitor can only wonder about the strange processes going on inside which could dictate such unreasonable forms. One is 90 per cent a maze of pipes. Another is built around a huge geyser of water which spews into a big reservoir, fed by the Savannah River which borders 27 miles of the site.

The only structure which makes sense is the new air-conditioned administration building housing both the du Pont and AEC operating employes. Du Pont construction people still occupy the original offices built like the spokes of a wheel.

The most incongruous aspect of the area is the teeming game which has grown up in the unhunted fields and the great schools of fish which swim lazily through the unfished streams.

This new life is the odd by-product of the greatest single facility for achieving mass destruction ever built by man.

So They Say

European powers cannot save Asia from Eurasian communism. It is the peoples of Asia who basically must save themselves from that threat—internally or externally.—Sen. Alexander Wiley (R., Wis.).

* * *

The temptation of addressing a national audience dragged them (Army-McCarthy hearings) out week after week. It was a race that went only to the hams, and the efforts of some to outdo others were sad commentaries upon human vanity and the frailty of the flesh.—Sen Thomas Hennings (D., Mo.).

* * *

The age when outside forces could at will decide the fate of Asia is gone forever. We are confident . . . the peace-loving nations and peoples of Asia will frustrate the schemes of the war instigators.—Red China Premier Chou-Enlai.

* * *

It is astonishing how the world changes and politics never does.—N. Y. Governor Dewey.

Good Evening . . .

By CLINT DUNATHAN

CAUSE AND EFFECT—Folks were going calmly along puffing their cigarettes until a month or so ago. Then they read that preliminary cancer research figures reveal that cigarettes and lung cancer appear to be coincidental in men over the age of 50.

Now the smokers are nervously puffing their cigarettes, wondering what an incipient lung cancer feels like, and rapidly shifting from one brand to another trying to find one without irritating tars and resins, etc.

"Cigarettes without filters cause cancer," said a friend of mine positively. "So I am smoking only those with built-in filters—you just get little cancers if you filter the smoke!"

Not many confirmed smokers have given up the habit. The shock of the cancer scare threw some of them off their pack-a-day schedule for a time, but they're back on the nicotine trail as strong as ever.

* * *

NOTHING NEW—Early day Americans (the Indians, that is) were heavy users of tobacco for many centuries before Columbus arrived to see the natives blowing smoke from their noses.

Whether they suffered from lung cancer is not a matter of record, but they should have had a greater incidence of it than any other people in the world.

The Indians seen by Columbus were inhaling the smoke through the nostrils from a Y-shaped pipe called a tabaca.

Jean Nicot (hence nicotine), French ambassador to Portugal, introduced the seeds of tobacco into France; and Sir Walter Raleigh popularized pipe smoking in England.

The Old World had something new from the New World. John Rolfe planted some seeds from South America and the tobacco business was established.

Today the annual value of the tobacco crop averages more than $225,000,000; America produces about 6 billion cigars and 200 billion cigarettes a year, plus about 400 million pounds of smoking and chewing tobacco and snuff.

* * *

MORE THAN A SMOKE—Tobacco has had its enemies as well as its friends.

King James I of England so disliked the smell of the burning weed that he prohibited smoking—with little success. In early New England laws were made to outlaw smoking as a non-productive pastime, also with little effect.

Chemical products from tobacco are important in several fields of commerce. Nicotine sulfate is used to kill insect pests. Nicotine is used in sheep dips to control ticks.

Nicotine tartarate is used in medicine as a drug which counteracts the the effect of tetanus and strychnine poisoning, and a tobacco "sugar" called rutin is used in treating certain kinds of high blood pressure.

* * *

ALL DOCTORED UP—If the tobacco processors had failed through the centuries to improve the quality of their product, fewer Americans would be smoking or chewing it.

Modern chemists have succeeded in reducing to a great extent the irritating qualities of the tobacco. And ingredients are added to make the smoke more fragrant and flavorful.

Without improvement, it would still be the same old "sot-weed" to which King James I so strongly objected.

The preliminary report of cancer researchers reveals that cigarettes may be shortening the lives of many men by killing them off with lung cancer Statistically speaking, two of each 100 American males can be expected to die of lung cancer, with or without the benefit of tobacco.

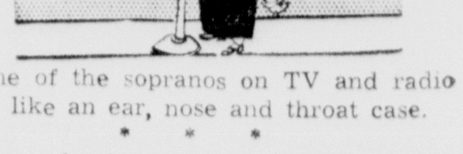
Incidentally, newspapers across the land gave full publicity to the cancer society report, which in a sense should disprove the oft-repeated claim that newspapers print nothing derogatory to their advertisers.

The cigarette manufacturers spend a sizeably chunk of money touting their special brands. Right now they are boosting the king-size filter tips, which indicates that to the advertising man no cloud is without its silver lining.

BARBS

By HAL COCHRAN

An Ohio thief broke a plate glass window to get at some jewels—and a judge gave him seven years of bad luck.



Some of the sopranos on TV and radio sound like an ear, nose and throat case.

Samoans Return To Serene Life

WASHINGTON—The living is easy again in American Samoa after a dozen turbulent, toilsome years—not so easy perhaps as before World War II but slowly returning to normal.

The eastern Samoas, a group of volcanic islands jutting out of the Pacific south of the Equator, have been United States possessions for 65 years. Population is about 19,000. Pago Pago, capital and harbor for the islands, lies on 40-square-mile Tutuila, the National Geographic Society says.

For centuries the smiling, hospitable Polynesians of Samoa led serene, carefree life. The men were reluctant to toil in town or country, but would row a canoe all day on a deep sea fishing trip. They were adept at spearfishing among Pago Pago's encircling reefs.

Food Without Work

Abundant breadfruit, bananas, coconut palms, taro and yams required little cultivation. These, along with fish caught fresh from the sea, were considered sufficient food. A little effort was expended in raising pigs and chickens, and in processing copra (coconut meat).

All this changed early in the war when the Navy established a ship repair station at Pago Pago. The lure of good wages brought many men and women in from the coconut groves, and for ten years they lived "high."

But in 1951 the Navy closed its station in Pago Pago (pronounced pango pango) and turned over island administration to the Interior Department.

Return to Paradise

Loss of the Navy payroll caused some hardship, but readjustment probably was easier than it would have been in other lands. The happy-go-lucky Samoans returned to their farms and their fishing canoes. The islands once again became a lanquid paradise.

The Samoans have high social and cultural standards. Purest of the Polynesians, they speak a musical dialect called the "Italian of the Pacific."

Their pleasant ways have captured the fancy of writers, from Robert Louis Stevenson to James A. Michener, author of "Tales of the South Pacific," source of the Broadway hit "South Pacific."

Principal item of dress formerly was the one-piece lava-lava, a short skirt or kilt tucked about the waits, worn by both men and women. In urban Pago Pago this has given place to trousers and skirts, but in the hills and small villages the people still prefer the lava lava.

About 72 per cent of the U. S. government spending in World War II was covered by taxes, says the Twentieth Century Fund.

BANGEROO

Children Get Toy Preview

It's still five months until Christmas, but U. S. manufacturers are showing the newest toys in an exhibition in New York City. For the muscular youngster, there is a bell ringer (above, left) called the "Bangeroo" which is just the thing for showing off muscles. Safety is also emphasized in the new toys with a kit (above, right) which is designed to help children learn how to obey highway safety laws. The young lady on the scooter is getting a "ticket" from the policeman whose equipment is included in the set. For the "do-it-yourself" youngster there is a scale model of the White House (right) which anyone who likes to work with his hands can assemble very easily. The girl is making a pair of moccasins.

Sales Promotion Is Not Needed

LITTLE ROCK, Ark. (AP) — A Little Rock funeral director says the public doesn't understand that a major problem of a mortician's business is that he can't create a demand for his services.

"We can't put on a big selling campaign," said Paul Y. Griffin in a speech. "We just stay open 24 hours a day to help those who need us."

Miscellaneous Shower

SCHAFFER — Mr. and Mrs. Arthur Ricker were honored at a miscellaneous shower Wednesday evening at Potvin's Fireside Room. The many relatives and friends enjoyed an evening of dancing after which the many lovely gifts were displayed. A party luncheon was served by the hostesses, Mrs. Ernest Briere, Mrs. Louis Grzyb, Mrs. Earl St. John, Mrs. Joe Potvin and Mrs. Louis Tousignant.

Out of town guests were Mr. and Mrs. Roy Bergman, Mr. and Mrs. Louis Grzyb, Mr. and Mrs. Fred Schuster, Mr. and Mrs. George Beacon of Bark River; Mrs. Angelina Briere, of Green Bay; Mrs. Janis Martin, Mr. and Mrs. Ernest Briere, Mr. and Mrs. Richard Viau, Edward and Joseph Viau and Dick Peterson of Escanaba; Mrs. Jerry Charbonneau, Mrs. Ray Kasbohm, Mr. and Mrs. Bob Kasbohm of Whitney; Mr. and Mrs. Wilfred Richer of Flat Rock; Mr. and Mrs. Earl St. John and Shirley Tousignant of Powers.

Briefs

Mr. and Mrs. Stanley Fitzgerald and children returned to Grand Rapids after visiting at the Joe Richer home.

Mrs. Lawrence Richer and daughter JoAnn left Wednesday for a vacation at Mt. Clemens where Mr. Richer is employed. Mrs. Tom Tousignant accompanied them to Flint where she will visit with her husband.

Mrs. Larry Fredericks returned to Oak Park after a week's visit with Joe Levesque and other relatives.

STATIONED IN TEXAS — Airman 3/C Edmund T. Courier, son of Mr. and Mrs. W. H. Courier, 1516 Washington Ave. is undergoing five months training as a jet mechanic at Amarillo Air Force Base, Amarillo, Texas.

Moral Rearmament Conference Closes At Mackinac Island

MACKINAC ISLAND (AP) — The World Assembly for Moral Rearmament closed Sunday with American and Canadian businessmen committing themselves to see that their industry plays its part in the world ideological struggle.

Richard Flood of Toronto, union relations manager for 14 General Electric Co. of Canada plants, said:

"The threefold destiny of industry is to give the world an answering ideology, to service the needs of mankind before selfish interest, and to create unity through change."

Chairman of the session was Richard Hinton of Toronto, personnel director of the Shell Oil Co. of Canada. He said sitting beside him on the platform as well as across the continent were "businessmen who believed with Dr. Frank Buchman (Moral Re-Armament's initiator) that in the confusions and tensions of today's ideological struggle, industry can build unity by changing men."

Delegates attending the 10-day session came from Africa, Europe, Asia and North America.

SEGO SYMBOL

The Mormons adopted the sego lily as a symbol because its edible roots served as a kind of "manna" to their early settlers in Utah, according to the Encyclopedia Britannica.

Class Of 1939 Holds Reunion

A 15 year reunion was held by the class of 1939 of Escanaba Senior High School Saturday evening at the Dells Supper Club. A cocktail hour began at 6:30 with dinner being served at 8. Places were set for 122 persons with 67 members of the class present.

The table centerpiece, a gift of Gordon Flath, was a lovely floral bouquet with the leaves sprayed in the class colors of blue and silver, flanked by the numerals 1939. Blue and silver tapers were used throughout the tables. Place cards for the evening, gifts of Mrs. James Olson, were 3x5 enlargements of the original graduation pictures of the class members. Pictures of those unable to attend were mounted on the wall. In charge of the decorations were Mrs. James Olson, Mrs. Jack Baum, Gordon Flath, Mrs. Lial Clausohm and Mrs. Richard Marks.

Master of Ceremonies

Frank Bender acted as master of ceremonies. He began the dinner with a toast, the class motto. As he called roll of the class, Fred Sayklly read approximately 40 messages from classmates unable to attend. The six deceased class members were honored at this time. They are Robert William Barron, John Flath, Lois Grimmer, Arthur Harvey, Douglas Passard and Leo Paulic. Roll call also was taken of the teachers. Mr. Bender read several class prophecies, also some excerpts from the senior issue of the "Escanaban" that year.

An award for the person who traveled the greatest distance to attend the reunion was given to Leland Bryson of Patuxent River, Md. Mrs. R. J. Bross (Verneice Servant) won the award for having the most children. Mr. and Mrs. Paul (Ora Ray) Vardigan received the prize as the couple having been married the longest, and Mr. and Mrs. Clarence (Lucille Nelson) Zens were presented the award as the couple having been married most recently. Mr. and Mrs. Jack Baum and Mr. and Mrs. Alfred Breault comprised the committee in charge of the awards.

Others working on reunion arrangements included Mrs. Kenneth Thompson, Mrs. Wesley Hanson, Robert Brackett and Robert Thyberg. Chairman was Mrs. Paul Corcoran, assisted by Fred Sayklly.

Dancing After Dinner

Following the dinner, dancing was enjoyed for the remainder of the evening.

Out-of-town members attending were Mr. and Mrs. Alvin (Dorothy Ballard) Bushy and Mr. and Mrs. Robert (Olive Belle Desmond) Golueke, Green Bay, Wis.; Mr. and Mrs. Leland Bryson, Patuxent River, Md.; Mr. and Mrs. Roy Carlson, Duluth, Minn.; Mrs. Charles (Eileen Casey) Carmen, Evansville, Ind.; Mr. and Mrs. George Gaffney, Long Island City, N. Y.; Mrs. Richard (Anita Guay) Marks, Highland Park, Ill.; Mr. and Mrs. Arthur (Glendola Hansen) Geib and Mr. and Mrs. Hubert Wood, Chicago; Mr. and Mrs. Paul (Elaine Hendrickson) Braucht, Jersey Shore, Pa.; Mr. and Mrs. Emil (Lois Jensen), Hinsdale, Ill.; Mr. and Mrs. Robert (Arlene Johnson) Boehm, Neenah, Wis.; Mr. and Mrs. Robert Kallman, Roseville, Mich.; Mr. and Mrs. Stanley (Lucille LaFave) Hoffman, Lake Villa, Ill.; Mr. and Mrs. Wayne (Lorraine LaPorte) Heideman, Wausau, Wis.; Mr. and Mrs. Henry (Ella Larson) Fischer, Evanston, Ill.; Mr. and Mrs. Francis Lequia, Ferndale, Mich.; Mr. and Mrs. Robert (Catherine Mero) Cronan, St. Ignace, Mich.; Mr. and Mrs. Arthur Meyer and Mr. and Mrs. Ray (Roberta Patterson) Norton, Gladstone; Mr. and Mrs. William Nicholson, Milwaukee; John Pearson, Oak Lawn, Ill.; Mr. and Mrs. Robert (Blanche Peltier) Kasdors, Zion, Ill.; Mr. and Mrs. A. L. (Arlene Rusha) Derby, Adrian, Mich. and Mrs. R. J. (Verneice Servant) Bross, Cincinnati, Ohio.

From Escanaba

Members attending from Escanaba and vicinity were Mr. and Mrs. Jack (Gerry Wurth) Baum, Frank Bender, Mr. and Mrs Rudy (Isabelle Bink) Porath, Robert Brackett, Mr. and Mrs. Alfred Breault, Mr. and Mrs. Kenneth Collins, Mr. and Mrs. G. Clifford (Inga Dahlquist) Anderson, Mr. and Mrs. Gerald (Laura Davis) St. Peter, Mr. and Mrs. James DeLaire, Mr. and Mrs. W. (Loraine Engdahl) Corbett; Mr and Mrs. Lowell Farrell, Mr. and Mrs. William Fisher, Gordon Flath, Mr. and Mrs. Allan (Daisy Heim) Smith; Mr. and Mrs. Ray (Betty Jaeger) Jurmu, Mr. and Mrs. Laurence Johnson, Dr. and Mrs. Vernon K. Johnson, Mr. and Mrs. George Labre, Mr. and Mrs. Robert LaPorte, Mr. and Mrs. Richard A. Larsen, Raymond McDonald, Mr. and Mrs. Harlan Meunier, Mr. and Mrs. Francis Murray, Mr. and Mrs. Clarence (Lucille Nelson) Zeno, Mr. and Mrs. Paul (Jean O'Leary) Corcoran, Mr. and Mrs. Iver Olson Mr. and Mrs. Lial (Lucille Packenham) Clausohm, Mr. and Mrs. Francis (Lenora Peltier) Breault, Mr. and Mrs. James (Mildred Peterson) Olson, Mr. and Mrs. Reginald Piron, Mr. and Mrs. Paul (Ora Ray) Vardigan, Mr. and Mrs. Robert Roos, Mr. and Mrs. Fred Sayklly, Mr. and Mrs. Andrew Skaug, Mr and Mrs. Eldred (Edna Sundstrom) Sattem, Mr. and Mrs. Robert (Reiden Sviland) Barron, Mr. and Mrs. Robert Thyberg, Mr. and Mrs. Kenneth (Madelyn Ward) Thompson, Mr. and Mrs. Carl Westerberg, Mr. and Mrs. Frank Moersch and Mrs. Harold Bergerson.

Killer Located At Indianapolis

INDIANAPOLIS (AP) — Police said today a taxicab driver and two elevator operators had identified pictures of a former Indianapolis cab driver as "Jack O'Shea," in whose hotel room the body of 18-year-old Dorothy Poore was found Sunday. O'Shea was an alias.

Wesley R. Irvin, 23, said the picture was that of the fare he took from the Union Bus Terminal to three hotels Thursday—a man he said "seemed crazy for a woman."

Mrs. Ethel Fields and Mrs. Jean Meredith, elevator operators at the Claypool Hotel, pointed to the picture and said they had taken the man and the job-hunting high school graduate from Clinton, Ind., to his floor in the Claypool Thursday night.

Police withheld the name of the 29-year-old suspect.

Irvin said he picked up the man at the Union Bus Terminal.

"As soon as he got into the cab he asked me if I could get him a woman," Irvin said. "I don't do things like that."

A man who registered as Jack O'Shea, giving a fictitious New York address, occupied 665 Thursday and Friday nights. The girl's body, stuffed in a dresser drawer, was found Sunday.

Ballots For Absent Voters Now Available

Registered voters who will not be in the city on Aug. 3 are requested to make arrangements to vote before that date. City Clerk, George Harvey, announced today that the ballots for the November primary have been received. Salesmen, vacationers, railroad men and others who expect to be out of the city on the voting day may vote anytime before that at the office of the City Clerk. Absentee voters ballots may be obtained by writing or calling the Clerk and requesting one.

Several thousand mice are milked regularly in New York City as part of a scientific project, says the National Geographic Society.

Wall Street

NEW YORK (AP)—Prices in the stock market dropped rather abruptly today with a pickup in the volume of trading, but in the early afternoon there was a recovery from the lows.

Today's selloff followed two days of moderately declining prices. Losses went to between one and three points at the worst. Gains usually were modest but some stocks moved up strongly in the face of the retreat elsewhere.

Business pushed well past the 2½ million mark. Monday's total was 2,370,000 shares.

Stocks selling off included U.S. Steel, General Motors, Montgomery Ward, Republic Aviation, Boeing, United Aircraft, North American Aviation, Consolidated Edison, Commonwealth Edison, Allied Chemical, Westinghouse Electric, American Tobacco, Climax Molybdenum, United Fruit, General Dynamics, Union Pacific, Santa Fe, Monterey Oil, Cities Service, Texas Pacific Land Trust, and U. S. Gypsum.

An active and higher trend was assumed by Mack Truck, Gimbel Bros., International Telephone, American Telephone, Missouri Pacific preferred, American Airlines, and Celotex.

U. S. government bonds were steady.

French Agree With Reds On Peace Deal In Indochina

(Continued From Page One)

to insist on this point. This block thrown into the negotiations at the 11th hour, had dampened optimism for a while.

A responsible Laotian source said agreement also was reached on the question of regroupment of "resistance forces" in Laos and the withdrawal of an estimated 10,000 Vietminh troops in that kingdom within 60 days.

A few minor issues remained to be settled.

Loatians Keep Arms

Under the agreement reached with the Laotians, it was reported, about 1,500 Laotians opposing the present government will be grouped around Sam Neua and Phong Saly. They will be permitted to keep their arms until elections this fall and retain certain political rights. The French will be permitted to keep bases in Laos at Xieng Khouang and Seno and French officers will remain as advisers to the Laotian army. According to available information:

Laos will issue a separate declaration following signing of the armistice, pledging not to join any foreign alliances which would permit the establishment of foreign bases in the country. A similar declaration will be made by the sister state of Cambodia. There are no questions of regrouping troops or resistance forces in Cambodia.

There was no indication when the signing session of the 12-weeks old conference would be called.

In some Western circles, the Red Chinese request that the United States be listed with other participants agreeing to armistice terms was never taken seriously. It was regarded rather as a last-minute propaganda move to make the United States appear in opposition to the conclusion of peace.

Sanitorium Opens

KALAMAZOO (AP) — The transfer of 96 patients was effected Monday from the old state tuberculosis sanitorium near Oshtemo to the new $2,500,000 building atop Memorial Park Hill at Kalamazoo.

Spies In Korea

SEOUL (AP)—South Korean national police today said 135 Communist spies have been arrested in South Korea since the armistice, July 27 last year.

Flood Hits City In West Virginia

RICHWOOD, W. Va. (AP)— This mountain town of 5,300 was in a state of emergency today after a devastating flash flood which left at least one dead and caused damage estimated at two million dollars.

The rushing waters of the Cherry River, which ran as deep as 12 feet in the streets of Richwood after a downpour the night before, were gone by Monday afternoon.

The flood drove 200 families from their homes in Richwood alone, the American Red Cross reported.

National Guard authorities said 22 homes here were destroyed. Scores of others were damaged.

Two Coast Guard helicopters resumed food drops to cut-off outlying sections today after an overnight halt. x

Scholarship Fund Is Discontinued

GARDEN—Due to the difficulty of raising funds, the Garden Peninsula Lions club agreed Thursday evening to discontinue the scholarship fund and concentrate on keeping alive a good sight fund. Only one application for the scholarship was received this year, and it was agreed to award the $50 now in the fund toward this applicant's tuition.

The scholarship program was undertaken last November in good faith but with the depletion of the Couzens fund the club believes it can better serve the area with a sound sight saving program.

Seasons Defined For Bird Hunting

HIGHLAND (AP)—Small game and upland birds hunting seasons approved by the State Conservation Commission today were mostly unchanged from last year.

A 22-day pheasant hunting season from Oct. 20 through Nov. 10 was approved for the Lower Peninsula. Bag limits were set at two a day, four in possession and eight a season.

Emmet County was closed to pheasant hunting at the request of sportsmen.

One Pheasant Area

In the Upper Peninsula, the southern part of Menominee County was opened to pheasant hunting from Oct. 1 to 10 with limits one a day, two in possession and four a season.

There was no essential change in the ruffed grouse seasons, set as from Oct. 1 to Nov. 1 in the Upper Peninsula, Oct. 1 to Nov. 10 in the northern Lower Peninsula and Oct. 20 to Nov. 19 in the southern part of the Lower Peninsula. Bag limits were set at five a day, 10 in possesion and 25 a season.

The prairie chicken - sharptail grouse season was set from Oct. 1 to Nov. 1 in the Upper Peninsula with bag limits of five, 10 and 25. There will be no open season in the Lower Peninsula due to a drop in species.

There was no change in the snowshoe and cottontail rabbit seasons, in the fox hunting regulations and in raccoon regulations.

Longer Squirrel Season

As expected, no open season was allowed on Hungarian partridge.

The squirrel seasons remained unchanged in the Lower Peninsula. For the Upper Peninsula, a grey squirrel season of 31 days was approved instead of the 20 days that had been recommended.

The entire peninsula will be open instead of just the western section. Bag limits will be two a day, four in possession and 20 a season. Lower Peninsula bag limits are five, 10 and 25.

Members of the Commission, meeting at Haven Hill Lodge, paid tribute to the late Donald B. McLouth, Detroit industrialist and commission member, who died recently. Frank E. Burch of Detroit, executive secretary of the Detroit Sportsmen's Congress, named to succeed McLouth, attended his first meeting.

Oliver Perow, 88, Former Escanaban, Dies In Washington

Joe I. Perow, 618 Ludington St. yesterday was notified of the death of his brother, Oliver Perow, former Escanaba resident, of Elma, Wash.

Oliver Perow, 88, died Saturday at Elma. He was born Sept. 30, 1865 in New York state and came to Escanaba with his parents as a young man. Mr. Perow was a woodsman and camp foreman for the Ford River Lumber Company. He left Escanaba 45 years ago.

Funeral services and burial will be held Wednesday at Elma, Wash.

Donald Entringer Drowns Near Bagley

MENOMINEE — Donald Gilbert Entringer, 22, of 2822 N. 15th Lane, Milwaukee, son of Mr. and Mrs. Peter Entringer, M-35, of Menominee, drowned shortly after 3 p. m. Sunday near Bagley Junction on the Peshtigo River about four miles north of Highway 64.

Entringer, his wife, the former Lois Powell, and daughter, Sandra Lee, drove from Milwaukee to Menominee Saturday to visit his parents. Sunday he went for a swim with a party that included Mr. and Mrs. Richard Peterson of 1889 Liberty St., Marinette, and Larry Hoppens, Marinette Rt. 1. Mrs. Entringer did not go.

Entringer and Mrs. Peterson, 18, went wading in the river and stepped into a hole beyond their depth. Entringer couldn't swim, but Mrs. Peterson, who could, went to his rescue. Entringer got a hold on Mrs. Peterson and started to pull her down when an outboard motorboat in which Hoppens was riding came by. Hoppens managed to pull out Mrs. Peterson, but Entringer sank before he could be reached.

Driver Falls Asleep; Crash Damages $325

A tired driver who fell asleep at the wheel crashed into the rear of a parked car at 1114 Washington Ave. Monday night. Phil Miron of Gladstone told police that he was driving from Menominee to Gladstone and that he had slept only two of the last 24 hours. Damage to Miron's car is estimated at $200. Miron was not ticketed.

Ray Gonsowski of Wells reported that the windshield of his 1951 Plymouth was shattered at 8 p. m. Monday by a rock dropped from the top of the viaduct on US 2 in the 1500 block of Washington Ave. He said that he did not see anyone on top of the bridge at the time. Other motorists have reported to police that children were dropping rocks on passing cars. It will cost approximately $23 to replace the windshield.

Obituary

EDWARD WIRTANEN

Funeral services for Edward Wirtanen will be held at 10 a. m. tomorrow at the Anderson Funeral Home with the Rev. John Anderson officiating. Burial will be made at Lakeview cemetery.

BESSEMER—Action to borrow $90,000 was taken by the Gogebic County Board of Supervisors in general session. Plans are to borrow the sum in anticipation of next year's tax revenue, to finance operations for the remainder of this fiscal year.

IRON RIVER—Rounds of applause greeted the 92-piece Iron River high school band during the two-mile long parade of the Aquatennial celebration in Minneapolis Saturday. The band also was commended by the Minneapolis press and the radio and TV stations covering the event, one of the finest in Aquatennial history.

MARQUETTE — Eleven volunteer workers who manned the Marquette Ground Observer Corp post during the 72 hour alert were awarded GOC wings last night by Airman 1-C John McLellen, GOC organizer from the Green Bay filter center during a meeting held in the Northern Michigan College audiovisual auditorium.

IRONWOOD—A carnival wagon broke loose while being hauled west on Frederick St. shortly before 4 a. m. Sunday and rode free until it snapped off a light pole at Frederick and Suffolk St. No one was injured The police who investigated the incident collected $75 from carnival representatives to cover damages to the pole.

IRON RIVER—Iron River firemen did not have to travel far to reach a fire Saturday morning The blaze occurred in the women's lavatory on main floor of the city hall building in which the fire station is located.

Andrew Johnson Of Bark River Dies

Andrew Johnson, 83, of Bark River, passed away Monday at 3 p. m. at St. Francis Hospital where he had been a medical patient for the past three weeks.

Born Feb. 14, 1871 in Varmland, Sweden, he came to this country in his early youth. He came to Foster City where he worked in the lumber mills. Later, he went to Seattle, Wash., and returned to the Bark River community in 1930. He is the brother of the late Mrs. John Olson.

Surviving are one sister, Mrs. Charles Johnson, Duluth, and two nephews, Clifford and Clarence Olson, Bark River, with whom he made his home during the past few years.

Friends may begin calling at the Boyle Funeral Home, Bark River, after 10 p. m. Wednesday.

Funeral services will be held Thursday at 2 p. m. at the Boyle Funeral Home chapel with Rev. Philip Lindblom officiating. Burial will be made in the Bark River Cemetery.

Street Blacktopping To Start Next Week

Blacktopping of six Escanaba streets will begin next week. City Engineer Loren W. Jenkins said that present plans call for blacktopping 2nd and 7th Ave. N., 6th and 22nd Sts. N., 6th Ave. and 15th St. S.

Sandsucking operations will be resumed today at the Karas Memorial Bandshell location after a two-week delay. Repair parts for the dredge which ordinarily can be replaced in two days were held up for two weeks.

Women's Activities

Voters' League Continues City Government Study

The Escanaba League of Women Voters met last evening at the Carnegie Public Library for a continuation of study of council manager government, under the direction of Mrs. Robert Mosenfelder, local study item chairman. Background material for the study was presented by League members, Mrs. Leonard Vader, Mrs. Sam Molod and Mrs. Frank Neumeier.

Mrs. Vander discussed the derivation of authority and the essential characteristics of sound council manager government. Mrs. Molod presented the results of the Ann Arbor League's charter revision study and Mrs. Neumeier outlined the mandatory provisions that must be included in city charters and the permissable provisions that may be included in a charter.

Authority to draw up city charters in Michigan derives from the Home Rule City Act passed by the Michigan State legislature in 1909 according to Mrs. Vader's report. Home rule, as it is generally understood permits the electorate of a municipality to select its own form of government and to exercise power over matters which peculiarly affect its residents but which have nothing in common with residents of the state as a whole.

Under the Home Rule Act cities may choose among several types of organization for government including the council-manager form.

Four Essentials

According to the Institute of Public Administration of the University of Michigan there are four essentials which students of city administration consider necessary for the best performance of the council-manager plan: 1. Use of the short ballot; that is election of a small policy-making council, all administrative officers being appointive. 2. Unification of authority in the council, that is the council is responsible to the people for the policy of government. 3. Integration of control of administration in a manager appointed and responsible to the council. Important in the accomplishment of this objective is the manager's power to appoint and remove his principal subordinate officers. 4. A proper definition and distinction of the powers and duties of the council and manager.

Other characteristics commonly associated with the council manager form of city government according to the Institute include non-partisan nominations and election of councilmen, election-at-large rather than by wards and provisions for initiative referendum and recall.

Mrs. Molod's outline of the Ann Arbor League's recommendations to the Ann Arbor Charter Commission in 1953 included a recommendation for the adoption of a council-manager form of government for the city of Ann Arbor.

Will Attend Meeting

According to Mrs. Neumeier's summary of provisions that must be included in a city charter as specified in the Home Rule City Act deal with providing for a legislative body, taxation, financing and methods of choosing officers and other personnel. Provisions which may be included deal with such activities as borrowing money, use of special assessment, construction and financing of public works, civil service, zoning, regulation of trade, and the initiative, referendum and recall.

During the business meeting which preceded the program it was decided to accept the invitation of the Trades and Labor Council to send representatives from the League to the next meeting of the Council on July 26 to explain the League program.

Mrs. George Ruwitch distributed copies of the Voter's Guide published by the League of Women Voters of Michigan containing non-partisan information on the candidates for state offices. The Guide will be made available to the general public at the Carnegie Public Library and various business places and organizations throughout the city.

A meeting of the executive board of the League will be held Aug. 16 at the home of Mrs. Merritt Kasson. The next general meeting of the League will be Aug. 23 at 8 p. m. at the Library.

Births

A daughter, Sheila Ann, was born July 16 to Mr. and Mrs. Robert Friedgen of Los Angeles. The baby's weight at birth was 7 pounds and 14 ounces. Sheila Ann has a sister, Diane Marie. Mr. Friedgen is a son of Mr. and Mrs. Alfred Casey of Wells.

Mr. and Mrs. Robert Daigneault of Gardena, Calif., are the parents of a daughter, their first child, born July 10. The baby weighed 6 pounds and 8 ounces. Mrs. Daigneault is the former Betty Van Meighan of Escanaba, and Mr. Daigneault is the son of Mrs. Leola Daigneault, 216 S. 9th St.

THE ENGAGEMENT and approaching marriage of their daughter, Lillian, to Major Ralph D. Coplan is announced by Mr. and Mrs. Jake Stein of 3604 Whitland Ave., Nashville, Tenn. Major Coplan, who is with the United States Marines, is a son of Mrs. Samuel Coplan of 608 S. 18th St., Escanaba, and the late Mr. Coplan. The wedding will take place Aug. 21 in Washington, D. C., where the bride-elect has been affiliated with the Department of Agriculture. Miss Stein is a graduate of the University of Maryland. Major Coplan received his degree from the University of Michigan.

Personals

Mr. and Mrs. Gary Abrahamson and two children, Gary and Vicki, of Chicago are spending two weeks visiting at the home of Mrs. Abrahamson's parents, Mr. and Mrs. Earl Flath, 1710 Ludington St. Mrs. Abrahamson is the former Patricia Kidd.

Highland Party Postponed A Week

The Highland Golf Club party, scheduled for Saturday, July 24, has been postponed one week because of the Shrine Circus and other events on that evening. The affair, a hobo party, will be held Saturday, July 31, with hobo golf at 4 p. m., a hobo banquet at 7:30 p. m., and dancing following the dinner. Complete arrangements will be announced later.

FOOT LORE

Each pair of feet develops differently. One person's shoes will not fit another's feet, especially if they have been worn by the first person for any length of time.

Sunday's roast deserves glamor treatment! Serve leg of lamb with mint-jelly filled canned pears. Put a little chopped preserved ginger along with a dot of butter or margarine in the cavities of canned peaches; broil until hot through and offer with baked ham. Stuff drained cooked prunes with pecan halves as a flavorful accompaniment to a veal roast.

SIMPLICITY FROCKS only 2.98

Gaily Yours

Cornell Couple Honored At 30th Anniversary Party

Mr. and Mrs. Arthur Swanson, widely known residents of Cornell, were honored at a reception in observance of their 30th wedding anniversary Sunday evening following services at the Cornell Methodist Church.

Over 75 relatives and friends of Cornell and neighboring communities attended.

The program of the evening included vocal solos by Nancy Way, nette Swanson, daughter of the nette Swanson, naughter of the honor couple, vocal duets by the Rev. and Mrs. Eric Hammar of Stephenson, group singing, and a talk by the Rev. Karl J. Hammar, who extended congratulations and presented Mr. and Mrs. Swanson with beautiful gifts.

An anniversary cake centered the table for refreshments served following the program and garden flowers in attractive arrangements completed the decorations.

FRIDAY FARE

Fish, in a sherried tomato sauce, is good enough for company!

Baked Fish Louisiana* Noodles
Green Peas Salad Bowl
Hard Rolls and Butter
Fruit or Lemon Tarts Beverage

BAKED FISH LOUISIANA*

Ingredients: 2 pounds fish fillets or steaks (use perch or halibut or cod), 1 small onion (chopped), 1 clove garlic (minced), 1 green pepper (cleaned and chopped), 1 cup finely diced celery, 3 tablespoons salad oil, 3 tablespoons flour, one No. 2 can (1 pound and 4 ounces) stewed tomatoes, ½ cup cooking sherry, dash each of thyme and marjoram, salt and pepper, ¼ cup grated Parmesan cheese.

Method: Arrange fish in a greased shallow baking dish (about 12 by 8 by 2 inches). Cook onion, garlic, green pepper and celery gently in oil for 5 minutes. Blend in flour; add tomatoes and sherry; cook, stirring until mixture boils and thickens; add marjoram, thyme and salt and pepper to taste. Pour sauce over fish; sprinkle with cheese. Bake in very hot (450F) oven about 20 minutes, or until sauce bubbles and fish flakes when tested with a fork. Makes 6 servings.

NOW AT HOME in Negaunee are Mr. and Mrs. Lloyd R. Boudreau, whose marriage took place at All Saints' Church in Gladstone with the Rev. Matt LaViolette solemnizing the service. The bride, the former Carol Doremire, is a daughter of Mr. and Mrs. Leonard Doremire of Gladstone Rte. 1. Mr. and Mrs. Joseph Boudreau, Escanaba Rte. 1, are Mr. Boudreau's parents. (Portrait by Millie)

PAL TO PACHYDERMS?

Attention girls:

There may be an opening for you in far - away Kenya if you have a friendly feeling toward elephants and if you are handy with a sling-shot.

The qualifications were among those laid down in an advertisement placed in Kenya newspapers by the Treetops Hotel, famous jungle resort where Queen Elizabeth and the Duke of Edinburgh stopped while touring Africa.

The advertisement set out these requirements for the hostess sought by the hotel:

"Qualifications — similar to those required of an air hostess (including tact and personality). In addition, there must be a friendly feeling towards elephant, rhino, buffalo and other game, ability to climb a tree quickly if necessary; sufficient skill with a catapult to hit at 10 yards monkeys trying to enter treetops for tea; general knowledge of game; fluent Swahili."

If you want to make really good coffee, always measure both the coffee and the water. Two level measuring tablespoons of coffee and three-quarters of a measuring cu, of water make a full-flavored beverage.

Fashion Rules Of Order For The Smart Clubwoman

By DOROTHY ROE
Associated Press Women's Editor

A successful clubwoman should look the part, says Hannah Troy, New York designer noted for the understated good taste of her costumes.

"The outsize clubwoman in the flowered dress and garden party hat has been the object of cartoon jibes too long," says Mrs. Troy. "Actually America's 30 million clubwomen are mostly smart, alert leaders of their communities. They are the girls who get things done when there's a new school bond to be voted or a juvenile delinquency problem to be licked.

"Usually they know all the tricks of grooming and smart appearance. But sometimes they're too busy to pay much attention to their looks. This is a mistake. A woman who knows she is correctly dressed for the occasion is going to make a more effective speech or rostrum appearance than the one who remembers too late that her gloves are not quite clean and that she has a run in her stocking."

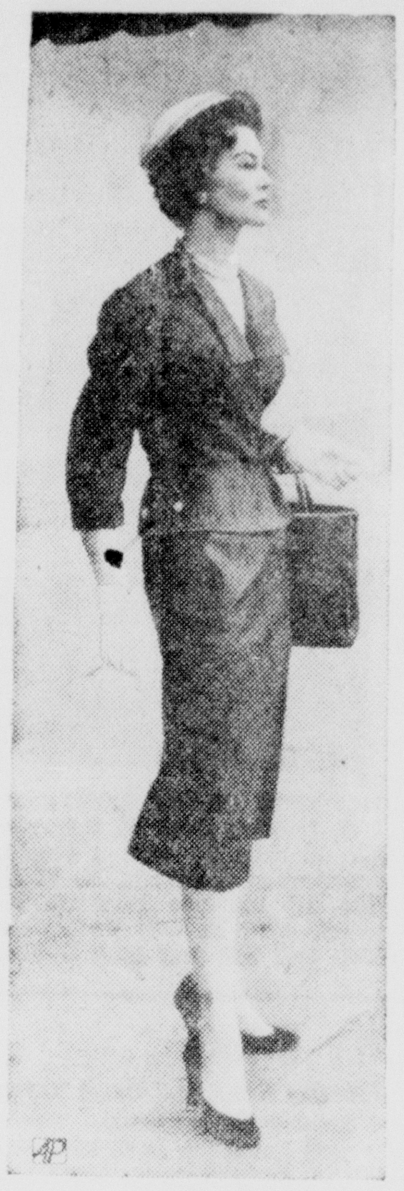
Here are some tips on correct dress for women in the public eye, as outlined by Mrs. Troy:

1. Never overdress. For instance, don't make the mistake of wearing an elaborate cocktail dress to a luncheon.

2 Women who have to make a lot of public appearances have learned the trick of keeping the dress simple and achieving a feminine touch with a frivolous hat.

3. A dark, solid-color dress or suit is the safest bet for the smart clubwoman. The dress should be cut on simple lines, with a flattering neckline, not too low. It may be dressed up or down with accessories, as the occasion demands.

4. Be sure that all your accessories, such as gloves, scarf, blouse, hat and veil are bandbox fresh. Your hair should be perfectly groomed, your makeup carefully applied, the seams of your stockings straight, shoes and handbag well-brushed or polished. These may seem unimportant details, but they are the ones always noted by the sharp eyes of a feminine audience.



MADAM PRESIDENT—She's off for the club luncheon perfectly dressed in a simple summer suit of charcoal gray silk-and-cotton designed for busy women by Hannah Troy.

Salvation Army Home League Social Thursday Night

The Salvation Army Home League social will be held Thursday, July 22, at 8 p. m. at the Temple, 112 N. 15th St.

The program in charge of Mrs Earl Polmateer will include assembly singing, devotions followed by a short business meeting, a reading by Mrs. Albin Lauson, accordion duet by Bonnie and Dick Polmateer, a reading by Mrs. Simon Rinkenberger, vocal duet by Mrs. Roland Ekstrom and Mrs. Louis Thompson, reports on the Salvation Army Home League camp by Mrs. Polmateer, Mrs. Thompson and Mrs. Chester Anderson, and closing prayer.

Refreshments will be served with Mrs. Lauson, chairman of the hostess committee. The public is invited.

GLADSTONE

Kelly Head Of School Board

Dr. George Kelly was elected president of the Gladstone Board of Education at the annual reorganization meeting of the board held last night at the junior high school. He will succeed James T. Jones, veteran schoolman, to the office.

Mr. Jones was nominated for the office but declined to accept the nomination.

LeRoy Hamilton was elected as secretary and Atty. Clair Hoehn was chosen as treasurer.

A resolution was adopted by the board lauding Mr. Jones for his long and loyal service on behalf of the schools. Mr. Jones has served on the board for 29 years, having one more year to go on his tenth term, and has served 20 of the 29 years as president.

White Robin Is Found In Nest

Mrs. Arnold Berg of Maplewood yesterday was displaying a rarity in natural life—an albino robin.

The bird, one of a group which were hatched in a nest in the Berg barn, has pure white feathering, pink eyes and a yellowish-pinkish beak.

All others in the clutch had natural coloring. Several of them were caught by the Berg cat before they learned to fly.

Mr. Berg finally climbed up to the nest and found the white baby robin.

It is being given some protection until it is better able to care for itself.

List Pairings For Twilight League

Twilight league play will be held as usual by the men at the Gladstone Golf Club Wednesday evening.

Pairings for the day include Horace Gibbs vs. Walter Johnson, George Minne vs. Norman Harris, Lex Shaw vs. Hubert Bray, Jerry Becvar vs. Bill Cannon, Neil D'Amour vs. Elmer Caron, Torval Kallerson vs. Arv Ellingson, Ed Parkhurst vs. Walter Olson, Charles Hoffos vs. Gale Wescott, Walter VanDeWeghe vs. Jim Jones, Vern Long vs. H. J. Mackie, Fred Cavill vs. Lewis Empson, Kurt Soderberg vs. Elder A. D'Amour, Bill Blake vs. Paul Louis, George Craft vs. Einar Olson, Jim Cannon vs. Irving Fardal, Francis Cannon vs. Syl Schram, Bob Skellenger vs. Fred Siebert, Ray Long vs. John Olson, Clarence Goodman vs. Andy Cannuelle, Ed Huesener vs. Norman Knutsen, Ross Davis vs. Mike Goodman and George Kelly vs. Paul Nyberg.

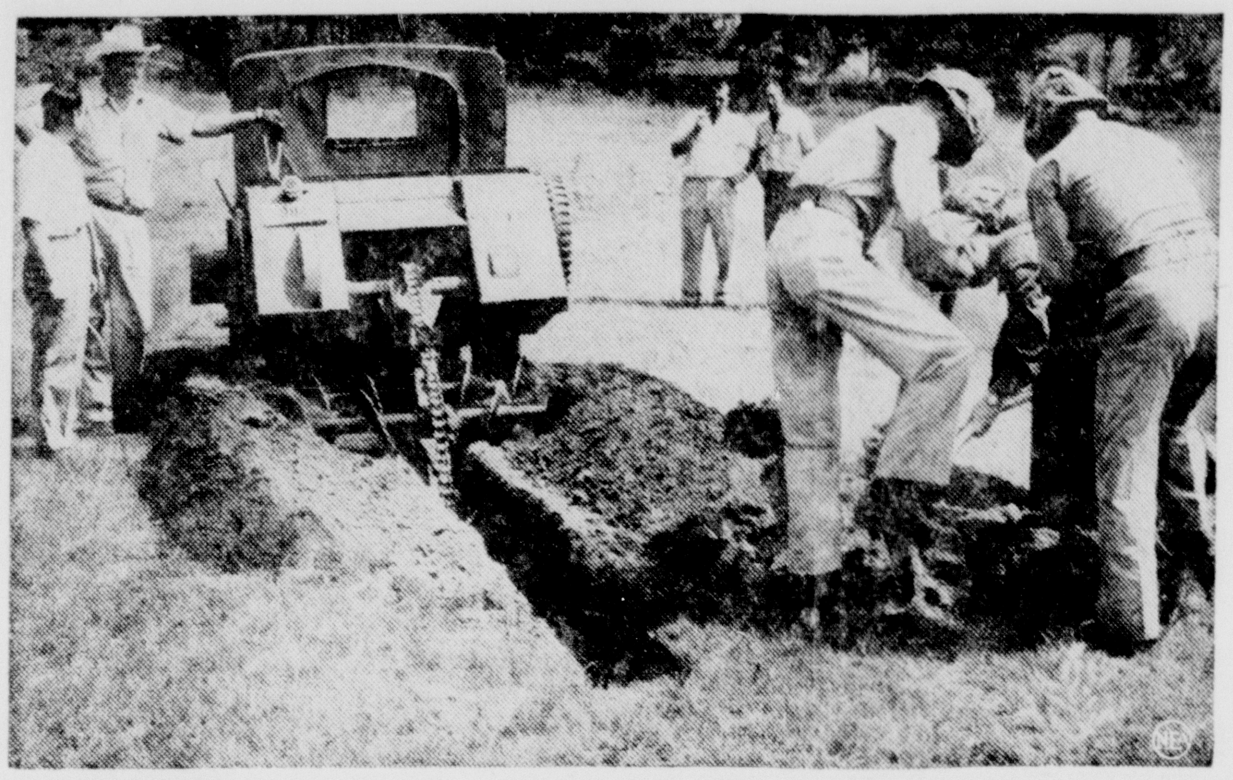
Send 25c in COINS, your name, address and the PATTERN NUMBER to ANNE CABOT, Escanaba Daily Press, 372 West Quincy, St., Chicago 6, Ill.

The colorful 1954 NEEDLEWORK ALBUM contains 56 pages of lovely designs, "how-to" sections on needlework, helpful room illustrations and directions for 8 gift patterns. 25 cents.



DIG THIS CRAZY CONTEST — A group of U. S. Marines from Ft. Schuyler, N. Y., tries in vain to keep up with a Jeep trench digger in a contest at Scarsdale, N. Y. After a few minutes the Marines gave up and watched the vehicle claw its way through a trench six feet deep and 800 feet long in less than an hour. Experts say it would take over 200 men to do the same job. The military could use the machine for communication installation at front lines or for providing shelter against atomic attacks. Civilians will find it useful in excavating for pipe lines, cables and for irrigation.

City Briefs

Jeanette Krout and Carol Royer left Sunday for Appleton, where they will spend the week with Mr. and Mrs. Ole Norstrom, uncle and aunt of Jeanette.

Mr. and Mrs. William Girard Sr., left Monday for Two Rivers, Wis., called their by the death of his sister, Mrs. William R. Belling. The funeral services were held today at 1 p. m., and burial was made in Marinette.

Briefly Told

Bible Study—Bible study and prayer service will be held at 8 Wednesday evening in the Mission Covenant Church.

BIRD IS ALL WET

TRUCKEE, Calif. (AP)—A blue parakeet, Tweety Pie, escaped from the home of Mr. and Mrs. Charles Kay and flitted downtown. Spectators could not recapture the bird.

But Fire Chief N. F. Dolley drenched Tweety Pie with a small stream of water and the bird's wet feathers forced him to the sidewalk—unharmed.

Two Reckless Drivers Fined

James C. Miller, 507 Superior Ave., pleaded guilty to a charge of reckless driving when arraigned Monday before Justice of Peace A. Theodore Sohlberg and was sentenced to pay a fine of $25 and costs of $6.60.

Miller was arrested by Gladstone City Police Sunday evening after he drove northward on Ninth St., at a high rate of speed running arterials at both Delta and Superior Avenues.

Wallace Oakland, Marquette, arrested at 2:15 a. m., July 11, by city police on a reckless driving charge, appeared before Justice Sohlberg Monday and was fined $25 and assessed court costs of $6.60.

E. C. Johnston Is Made Captain In State Police

Lt. E. C. Johnston, Jackson, Mich., commanding officer of a special investigation squad, Michigan State Police, at Lansing, has been promoted to the rank of captain, effective as of June 27, according to word received here.

Johnston, a native of Hubbell, Mich., is a brother of Lawrence Johnston, Gladstone.

MANISTIQUE

Tavern Owner's Trial Set Here

Pleading not-guilty to a charge of furnishing alcoholic beverages to minors, Clyde Dixon, doing business as the Majestic Tavern, Deer St., Manistique, was released in his own custody Monday afternoon pending a hearing this morning in Justice Court.

Dixon requested a trial by judge alone, instead of judge and jury. He was accused by City Police of furnishing beer to Fred Bender, 17, about 10 p. m. Friday. William J. Sheahan was the prosecutor.

In other court action today Judge Edward J. Doyle was to decide whether Harold Grey, 19, Cooks, was to have an additional 30 days jail sentence added to his sentence of $50 fine and $4 costs or 60 days in the County Jail.

Grey was apprehended Sunday evening for driving while under the influence of intoxicating liquor and his license was revoked for 90 days. He pleaded guilty to the charge.

Failure to yield the right of way Sunday evening cost Leonard R. Coble, Cooks, an $8 fine and $2 costs Monday in Court. Arrested Saturday for drunk and disorderly conduct, Lawrence Blackett, Eaton Rapids, paid $25 and $4 Monday.

In other Monday cases, Gerald G. Hase, 312 Lake St. Manistique, paid $8 and $2 for improper overtaking and passing on U. S. Route 2. State Police arrested him July 2.

Edward W. Groome, Sault Ste. Marie, paid the same amounts for the same offense. He was ticketed by the State Police July 6 on U. S. 2. Louise Thompson, Manistique, paid $4 in fines for failure to stop at a stop sign at Arbutus Ave. and U. S. 2. She was summoned by City Police July 12.

Cooks

COOKS—Mr. and Mrs. Stanley Brew and family have returned to Iron Mountain after spending their vacation with Mrs. Brew's mother, Mrs. William Hartman.

Mr. and Mrs. Louis Michaud and family, Micado, visited over the weekend with her uncle, William Deuparo.

Mrs. Pete Longi and son, Paul, Chicago, are visiting relatives and friends. Mrs. Longi is the former Goldie Hartman.

Mr. and Mrs. Elmer Knuth and family, New York City, are visiting at the Ernest Knuth home.

Mr. and Mrs. Lyle Deuparo attended the Hartman-Hautulla wedding at Newberry last week.

Mr. and Mrs. Harold Knuth and Diane have returned to their home at Chicago after spending their vacation here with relatives and friends.

Mr. and Mrs. Emery Reinelt, Royal Oak, are spending their vacation here with her parents, Mr. and Mrs. Herb Olsen.

Mr. and Mrs. Fred Bernhardt, Escanaba, were callers at the John Hartman home.

Dr. and Mrs. James Tebo, Coleman, Wis., visited over the weekend at the James Tebo home.

Nancy Seaman, Carroll, Ia., is visiting her grandparents, Mr. and Mrs. James Kelly.

A card party will be held Thursday, July 22, at the home of Henry McGahan.

Increased Bootlegging Of Concern In India

MADRAS, India (AP) — Bootlegging and moonshining are increasing in Madras after seven years of prohibition, says a government report.

The report gives little encouragement to India's dries, who look on Madras as one of the key areas in their fight to extend prohibition over all of India. It paints a picture in many ways similar to that of prohibition America and calls for a bigger enforcement staff and stiffer penalties if there is to be "any appreciable decline in the incidence in the crime."

NEW REGALIA — City Patrolmen Joseph Davis, George Danko, Lloyd Gray and Bob Walters (left to right) display their new uniforms for the photographer. The uniform, a summer garb, includes whipcord pants and orlon shirts. The men have discarded their Sam Brown belts in favor of less cumbersome arrangements. (Linderoth Photo)

Legion To Discuss Plans For Conclave

Local Legionnaires will meet Thursday to discuss plans and the start of a program for the July 17-19, 1955 Upper Peninsula Association of American Legion Posts Convention in Manistique.

The Association, holding their annual convention in Calumet, awarded next year's conclave to Manistique at their Sunday morning business session. The U. P. convention was last held here in 1942. Among the 200 delegates to the 1954 meeting were ten representatives from Manistique.

The assembled representatives also elected Manistique's Victor Beaudry Association Finance Officer.

Sponsored by the local Legion post, Boy Scout Troop 400, drum and bugle corps, added new laurels to their U. P. Junior championship. Appearing in the Saturday afternoon Legion parade, they were accorded first place for the "best appearance."

Their competition included senior and junior outfits. They were able to outrank the Ironwood Legion corps, first place finishers in senior competition. Saturday evening the corps also presented an exhibition at the Legion festival, following senior drum and bugle competition.

No plans have been made to send the corps to Grand Rapids for this week's state convention. There is no junior contest at Grand Rapids this year.

Hiawatha

HIAWATHA—Mr. and Mrs. William Byers and Mrs. Gilbert Hyland, Muskegon, have been weekend guests at the home of Mr. and Mrs. Ruggles. Catherine Ruggles plans to go with them to Muskegon to spend several weeks when they return.

James Barrows, Shingleton, was a weekend guest at the Ruggles home.

Mrs. Gilbert Hyland and Mrs. Nile Byers were callers at the home of Mrs. May Hyland Friday evening.

William Brown has spent several days visiting in Shingleton at the home of Mrs. Mary McDonald.

Mr. and Mrs. Harold Brock and family, Wetmore, were visitors at the Ruggles home Sunday evening.

Mr. and Mrs. Russell LaFleur were callers at the home of Rev. Nile Byers Sunday evening.

Birthday Party

Rev. Nile Byers was honored at a birthday party Friday evening held at the Bingham home in Nahma. The party celebrated the birthdays of both Rev. Byers and Mrs. Bingham. Guests at the party included Mrs. Gilbert Hyland, Muskegon, Mr. and Mrs. Erlandsen of Nahma, Mr. and Mrs. Jonas Sjogren and son Bob, Nahma.

City Briefs

Mrs. Jay Russ, Rhinelander, Wis., is visiting here with Mrs. Johann Dahms, Pearl St.

Rev. William Schobert and sons, Billy Danny and Timmy, East Detroit, are spending two weeks visiting here with friends.

Mr. and Mrs. Van Mueller, have arrived from Fort Bragg, N. C., to spend a month here with their parents, Mr. and Mrs. William Mueller, Terrace Ave., and Mr. and Mrs. Fred Kerridge, Deer St.

Mrs. Emil Kromat, Hazel Park, has returned to her home after spending six weeks here with her daughter, Jean Vallier, 107 River St.

Cpl. and Mrs. James Monroe, of Leavenworth, Kan., arrived Sunday to spend a month here with their parents, Mr. and Mrs. E. R. Monroe, Arbutus Ave., and Mr. and Mrs. William J. Sheahan, Range St.

Mr. and Mrs. Edward Gratz and daughter, Susan, Milwaukee, Wis., are visiting here with relatives and friends.

Mrs. Antti Piirainen and daughter, Sault Ste. Marie, visited over the weekend with her husband, Antti Piirainen, who is a new patient at the Wendland Convalescent Home.

Mr. and Mrs. Leo Gillespie, Sault Ste. Marie, spent the weekend here with their mother, Mrs. Catherine Gillespie, at the Wendland Home.

Leo Tassier, of Cedarville, and Mrs. Rose Borton, of Sault Ste. Marie, spent Sunday here with their mother, Mrs. Emma Tassier, at the Wendland Home.

Obituary

EDWARD H. JEWELL

Funeral services for Edward H. Jewell, who died at the Schoolcraft Memorial Hospital Thursday evening, were held 2 p. m. Monday at the Kefauver and Jackson Funeral Home with the Rev. Alan S. Miller and the Rev. Dr. Rudolph Reiman, of Royal Oak, officiating.

During the services Herbert K. Peterson sang "My Task" and "Jesus Let My Final Rest." He was accompanied at the organ by Mrs. Carl Wedell.

Burial was made in Lakeview cemetery. Masonic graveside rites were conducted by Lakeside Lodge No. 371 F. & A. M., Brother George Stevenson, past master.

Pallbearers were Roy Anderson, G. Leslie Bouschor, H. K. Bundy, William Cook, Gust Larson and Omer Olsen. Honorary pallbearers were Fred Hahne, Arthur F. Hall, Malcolm Nelson, Leon G. Nicholson, William Shinar and T. R. Southard.

Honorary guards from Escanaba Commandery No. 47 were Roy E. Anderson, C. Arthur Anderson, Peter Babladelis, Thomas Bol'tho, Williard Bolitho, Everett E. Cookson, J. Mauritz Carlson, Clifford Cool, Ben Cornell, Charles Hancock, Leland Headland, George Haberly, Charles Hammer, Bert King, Morris Laux, Gust Larson, A. L. LaVigne, James Lowell, Leon G. Nicholson, Arthur Nelson, Henry Olson, Percy Owen, Neil Reese, Theodore Richards, William Shinar, Harvey Saunders and John Wilde.

Ladies' Golf League Lists Flag Tourney

Eleven matches are listed for the Ladies' Wednesday Twi-Light Golf League flag tournament at the Indian Lake Golf and Country Club.

Mrs. Ossie Smits competes against Mrs. E. J. Thompson in the first match while Mrs. Archie Carpenter encounters Mrs. John Kasun. Mrs. Helen McGlothlin is paired with Mrs. Carl Carlson while Mrs. Glenn Pawley meets Mrs. William Phillion.

Mrs. Alvin Nelson is teamed with Mrs. Nick Modders, Mrs. William Hentschell is pitted with Mrs. John Stroud, Mrs. Ed Jackson will play with Mrs. John Matthews and Joan Sheahan will take on Mrs. Walter Nelson.

Mrs. Earl LeBrasseur meets Mrs. John Kelly as Mrs. Ferd Gorsche competes with Mrs. William Males and Mrs. Bud Malloy closes with Mrs. William Manning.

State Park Issues 326 Permits In Week

Indian Lake State Park had its greatest influx of campers last week as 326 camp sites were issued, tops for the year. Last year for the same week 267 permits were recorded.

The Park is also above its total for this time last year, recording 1,184 permits issued this year. Last season 1,029 were signed as of this time. Park officials also reported Monday that the Park's capacity of 106 was exceeded several times during the past week, hitting a high of 124.

This high necessitated using part of the picnic area for camping purposes. The high point is about two weeks earlier than expected, Park officials said.

EDUCATED COP

PETERSBURG, Va. (AP) — B. E. Oliver, Petersburg policeman, has his high school diploma. Oliver, 23, left high school in 1948 to go to work, then the Army claimed him for a couple of years. Coming back to join the police force he obtained private instruction while working. His wife and a young daughter saw him get his diploma.

Betty Hautala, Howard Hartman In Bridal Rites

Before an altar decorated with gladiolus and white mums, Betty Jane Hautala, daughter of Mr. and Mrs. Alex Hautala of Newberry became the bride of Howard Hartman, son of Mr. and Mrs. Louis Hartman, Germfask, at a ceremony in Messiah Lutheran Church at Newberry at 8 p. m. Friday, July 9.

The Rev. Fred G. Olson performed the single ring ceremony.

Miss Lois Kilpela played the traditional wedding marches, and provided organ accompaniment for Mrs. Fred Schultz, who sang "O Promise Me," "Because" and "The Lord's Prayer."

The bride wore an aqua suit trimmed with angora and rhinestones, and a corsage of white roses. Her attendant Mrs. Ronald Morton of Manistique, wore a rust-colored suit with a corsage of red roses.

Ronald Morton of Manistique was best man and Harold Erickson of Newberry, cousin of the bride, and Wayne Richard of Manistique, cousin of the bridegroom, were ushers.

Following the ceremony a wedding reception was held in the church parlors, attended by 75 guests. The bride's table, covered with a linen cloth, was centered with white canterbury bells and candles in crystal holders. The tiered wedding cake, topped with a miniature bride and bridegroom, was served by Mrs. James Beaudin. Mrs. Joseph Mileski, aunt of the bride, poured, and Miss Beverly Vincent attended the guest book.

After a wedding trip to the western Upper Peninsula, the couple will make their home in Germfask.

Lost 12 Lbs. In 4 Weeks

"The visible loss of weight and the much nicer figure of a friend caused me to ask. The answer was Rennel Concentrate. It took me just four weeks to lose 12 lbs. with the help of Rennel," so writes Mrs. E. H. Keyes, 1484 W. Grand Blvd., Detroit, Mich. "I work in a bakery and that food has always been my weakness. Now thanks to Rennel when I find myself putting on a few lbs. from overeating or too many sweets I go back to Rennel for a week and all is O.K. again. I shall always recommend Rennel for those in need of it."

You too can regain your pride, health and your natural figure. If you are value minded and Rennel wise you will ask your druggist for liquid Rennel. Ask for free booklet. If not pleased with the very first bottle return it to the manufacturer for your money back. Price $1.40 at your drugstore.

Briefly Told

In This Corner

With Ray Crandall

Shortly after Tom Dufour, president of the Escanaba Softball Association, received a telegram from the Compton Cuties cancelling their game here Friday night, we received word from Herb Kipke, Michigan softball commissioner, that the team was not sanctioned by the National Softball Association . . . Kipke telegramed that the Cuties are in the same class as "donkey softball teams" and that teams playing them would be ineligible for tournament competition.

* * * * *

The American League has a tasty dish of games on tap for softball fans here this week . . . The Dells and Harnischfeger, No. 1 and 2 teams, meet in the second game tonight and on Thursday night the Dells, Paper Mill, Harnies and Northland Bread are on the program at Memorial Field.

* * * * *

Lowell LaPlante, Harnie second baseman, was having one of "those" nights Sunday against the Iron Mountain Linoleums . . . But few fans in the stands realized that LaPlante was playing with a badly injured finger resulting from a smash between bat and ball in the Escanaba Bears' game against the Cleveland school stars last week.

* * * * *

Here's the latest on Tommy "Hurricane" Jackson, the heavyweight boxing bust . . . When he turned up for the weighin before fighting Nino Valdes last Wednesday he had a 706 printed in ink on the palm of one hand . . . Asked what it was for, he replied: "That's in case I forget my hotel room number."

* * * * *

Leonard Brumm, recreation director of Marquette Prison, informs us that the prison baseball team has won six of its last seven games . . . Only loss in that streak was to the Sault Ste. Marie Beverages . . . The Escanaba Bears will play at the prison Saturday.

Tight Pitching, Homer Win For Merchants And Northland Bread Teams

The Merchants and Northland Bread posted American League softball victories last night to better their positions in the first division of one of the tightest loop races in years.

The Merchants won their ninth game against four defeats, good for third in the standings, by defeating Rapid River Bar behind three-hit hurling by Leo Lancour.

Northland, playing with eight men, counted a 4-3 verdict over Clairmont Transfer with Angie Hirn's two-run homer the big blow.

Kuchenberg Homers

Lancour whiffed five and his mates pounded out 11 safeties off Jack Tackman who went all the way for Rapid River. The Merchants opened scoring in the bottom half of the second inning with two out when Bob Krohmer tripled, Leo Lancour singled and Mickey Kuchenberg hit an inside-the-park home run. They added two in the fourth and two in the sixth to win going away.

Bob LeHouillier led the Merchants with a double and two singles. Kuchenberg added a single to his homer and Ed Gauthier collected two hits.

Rapid River scored its run in the third when Bob Boyer tripled and scored on a long fly. Bob Lake picked up a double in the fifth for the losers.

One Big Inning

Northland scored all four runs in the fifth inning. Bob Dufour opened with a single and scored on a single by Tom St. Gerain. St. Germain came in on a grounder to short off the bat of Tom Dufour and Ken Dufresne was safe on an error before Hirn belted the homer into the left field corner.

After scoring once in the opening frame, Clairmonts pecked away at the Northland lead with single runs in the sixth and seventh innings.

Bill Baker, who fired a four-hitter for the losers, led his mates with two singles. Les Kamin hurled the Northland win, scattering five singles. St. Germain paced Northland at the plate with a pair of hits.

Pine Grove Woman Golfer Fires Brilliant 80 Score

U. P. Tourney Gets Under Way

GLADSTONE — Mrs. Joan McCabe of the Pine Grove Country Club, Iron Mountain, established herself as a heavy favorite to cop the Upper Peninsula Women's Golf tournament being held this week on Gladstone's scenic course on the Days River when she scored a dazzling 44-36-80 for an 80 in qualifying play Monday.

Mrs. McCabe's 80 was the lowest 18-hole tournament score ever posted by a woman on the local course and her 36 is two under women's par. In getting the 36 she turned in four birdies and one double bogie.

Second low qualifier was Mrs. Francis Gadbois of the North Shore Club, Menominee, who turned in scores of 43-45 for 88.

It is the first time that either Mrs. McCabe, who twice has been runner-up in the Wisconsin state meet, or Mrs. Gadbois has participated in the Upper Peninsula tournament.

Other golfers turning in scores under 100 are Millie Johnson, Marquette, 50-49; Carolyn Johnson, Highland, 48-49; Dorothy Anderson, Escanaba Country Club, 46-48, and Marie Wicklander, Highland, 51-48.

First round matches in all flights began this morning at 9:30. There was a lunch at 1 and this evening at 7 the tournament banquet will be held. The tournament site for 1955 will be decided at the business meeting to follow.

Pairings in the various flights are as follows:

Championship

Joan McCabe (IM) vs. Jane Empson (G), Marie Wicklander (H) vs. Elsie Fardal (G), Dorothy Anderson (ECC) vs. Gladys Hanson (H), Katie VanDonsel (G) vs. Ruth Needham (ECC), Frances Gadbois (Men) vs. Doris Swanson (ECC), Millie Johnson (Mar) vs. Sally Johnson (G), Carolyn Johnson (H) vs. Millie Boyce (ECC), Margaret LeMire (ECC) vs. Dorothy Coulter (G).

First Flight

Marion Peterson (G) vs. Maude Jackson (G), Vickie Beck (H) vs. E. Skellenger (G), Agnes Erickson (G) vs. Tillie Cannon (G), and Josie Dehlin (G) vs. M. Hauserman (Mar).

Second Flight

Eva Caron (G) vs. Irima Siebert (G), Nettie DeVet (G) vs. Bye, Alice Dunsmore vs. Alice D'Amour (G), and June Knutsen (G) vs. Bye.

Third Flight

Bernice Burton vs. Mary Burroughs, Ila Hoffos vs. Alice Parkhurst vs. Bert Beaudry and Luella Maskart vs. Bye.

Marquette County Champs Will Play Here Saturday

The Roosevelt Bar of Ishpeming, winner of the 1954 Dewey Hanson tournament championship in Marquette over the weekend, will appear in a doubleheader at Memorial Field diamond Saturday night.

The winner of the Marquette county championship tourney, which had a field of 25 teams, will face the Northland Breads in the feature game at 8:30. They will also face a preliminary foe to be selected this week.

Roosevelt Bar won the Dewey Hanson championship game Sunday night from CCI Engineers, 3-2.

Annual Babe Ruth League Tag Day Thursday, Friday

The annual Babe Ruth League Tag Day will be conducted here Thursday and Friday to raise funds to finance the league's all-star team to the state tournament to be held at Milford July 23-30, it was announced today by Kenton Olson, league president.

Members of the six teams in the Babe Ruth League, the only loop of its kind in the Upper Peninsula, will canvass the city on the two selected days this week to sell tags which will serve as tickets to the all-star game to be played at Memorial Field next Monday or Tuesday night.

PLAYERS MEET

All Babe Ruth League players will meet Wednesday morning at 10 at Memorial Field to get instructions for tag day and to hear plans for the state tournament trip to Milford.

Six League Teams

Players of the L&R Sport Shop, AFL Unions, Kiwanis Club, Insurance Association, Paper Mill and Elks Club teams must assist in the tag day sales to be eligible for the all-star team. Players will report at Club 314 at 9:30 a. m. for the tag day operation.

Managers of the six teams will meet at Club 314 Wednesday night to begin a study of all players in the circuit to select the all-star players who will represent Escanaba in the Milford tournament.

Babe Ruth League players range in age from 13 through 15 years. The program has been in operation here for three years, first as the Little Bigger League then the Pony League. The league serves as a step for young ball players between Little League and American Legion playing ages.

Defending Champs

E. L. Tyson, state Babe Ruth League commissioner, today announced that Escanaba drew a bye in tournament play and will open action on Friday, July 30, at 3 p. m. All games will be played at Milford's Beaumont Field.

Last year the Escanaba all-stars won the state title by defeating Birmingham 6-3 and Berkly 8-2.

The tournament this year has an entry of nine teams. Three games will be played Thursday three Friday and two Saturday.

The Escanaba all-stars will leave for Milford Thursday, July 29.

Cuties Cancel Game Here Friday Night

The Escanaba Softball Association was notified by telegram yesterday that the Friday night appearance of the Compton Cuties comedy team has been cancelled.

Travel difficulties were listed as the reason for cancelling the game here.

Next 10 Days To Tell Lots About White Sox; Reds Edge Giants 1-0

By BEN PHLEGAR
AP Sports Writer

The next 10 days can go a long way in deciding the American League pennant chances of the Chicago White Sox.

During that spell the Sox face the New York Yankees seven times, starting tonight in Yankee Stadium. The Yanks trail first-place Cleveland by half a game. The White Sox are another four lengths back.

The White Sox recent four-game sweep over the Indians convinced a lot of fans the Sox still are a big threat. But in 12 meetings with the Yankees so far the White Sox have come out on the short end eight times.

Indians, Yanks Win

Sandwiched in between the home-and-home series with Chicago, the Yankees meet Cleveland in a three-game set in New York over the weekend.

The Indians and Yanks both won Monday. Chicago had the day off. Cleveland defeated Washington, 4-3. New York whipped Detroit, 8-0. Boston won a pair from Baltimore 9-7 and 8-5.

In the National League, Harry Perkowski of Cincinnati pitched a 12-inning, three-hit shutout over the league-leading New York Giants, winning 1-0 on Hobie Landrith's home run. Second-place Brooklyn also lost, 9-4 to Chicago. St. Louis beat Philadelphia 5-1 and Milwaukee defeated Pittsburgh 4-1.

Perkowski Hurls Win

The big thriller was in Cincinnati. Perkowski, a left-hander who had lost seven out of eight decisions this year, pitched brilliantly against the Giants. He walked five, struck out six, two of them in the 12th inning, and was in danger of being scored upon only in the seventh when Monte Irvin led off with a double. Irvin, however, was picked off second. Whitey Lockman doubled with two out in the second. Al Dark beat out an infield single in the 11th.

Brooklyn put on one of its worst fielding performances of the season, committing five errors, in losing to the Cubs for the first time in 10 games.

Peace and quiet reigned at Busch Stadium in St. Louis, scene of Sunday's riot, as the Cardinals whipped the Phillies. Rookie Brooks Lawrence scattered 10 hits in winning his fifth game.

Wilson Wins Seventh

In Milwaukee, Jim Wilson won his seventh straight game as he limited the Pirates to three hits.

Allie Reynolds, back in action after a hip injury, stopped Dertoit on three hits for his 10th in a row after losing his first decision. The Yankee attack included Willie Miranda's second major league home run and Mickey Mantle's 19th homer of the season.

Cleveland had to use three pitchers to check a Washington threat in the ninth. Dale Mitchell's pinch single in the seventh drove in the winning run.

Home runs accounted for both Boston triumphs over Baltimore. In the first game veteran Mickey Owen climaxed a six-run rally in the ninth with a grand-slam drive. In the nightcap the Sox came from behind with five homers. Jackie Jensen hit a pair and Ted Williams, Milt Bolling and Jim Piersall hit one each.

Lions Top Rotary 4-2 In Tight Mound Duel

The Lions copped a 4-2 decision over Rotary in the Jaycee Little League last night with Rod Greenwood and Dwaine Bero engaging in a sharp pitching duel.

Greenwood, going the distance for the Lions, gave up only two singles. Bob Karas collected both of them.

Bero fired a four-hitter from the Rotary hill, all singles.

All-Star practice will be held tonight and Wednesday St. Joe will play Kiwanis.

Kiwanis Scores 16-8 Win Over Paper Mill

Kiwanis notched a 16-8 victory over Paper Mill in Babe Ruth League play last night.

Don Merrier tossed the victory with Peterson on the mound for the losers.

Merrier scattered five hits and fanned eight. Cory Johnson and Bob Stropich tripled for the winners and Dave Nordeen hit a three-bagger for Kiwanis. Johnson's blow came with the bases loaded.

LIONS WIN 8-4

Four home runs powered the Lions to an 8-4 victory over St. Joe in the Beginners League here today. Dick Boudreau hit two and Phil Dambrosia and Gary Boudreau hit one each. Dambrosia pitched the win.

Giles To Hold Court On Cards-Phillies Ruckus

ST. LOUIS (AP) — National League President Warren Giles holds court here today on a free-for-all between the St. Louis Cardinals and Philadelphia Phillies Sunday in a game the umpires forfeited to the Phils.

Giles suspended Cardinal Manager Eddie Stanky, catcher Sal Yvars and pitcher Ellis (Cot) Deal of the Birds and first baseman Earl Torgeson of the Phils pending the hearing. He took no action against Phil Manager Terry Moore, who also was involved in the ruckus.

Riddle Directs Cards

Coach Johnny Riddle directed the Cards as they defeated the Phils 5-1 Monday night.

Giles notified the Cardinals of his action in a telegram Monday after Redbird General Manager Dick Meyer asked the league prexy to come here for an on-the-spot investigation.

To be on hand for the hearing, Giles said, are Managers Stanky and Moore, their coaches, not more than three other representatives of each club, Yvars, Deal and Torgeson and the umpires.

Casualties Minor

The brawl started after Torgeson objected to close pitches by Deal and then got into a fight with Yvars. The 2 managers, enemies since Stanky fired Moore as a Cardinal coach in 1952, and players from both teams poured onto the field.

Police broke up the free-for-all after about eight minutes. Shortly afterward, still in the fifth inning, Umpire Babe Pinelli forfeited the game to Philadelphia because of delaying tactics by the Cards.

Casualties from the fray were minor.

Loss Disgusts Billy Graham

NEW YORK (AP)—"When you get licked by a potato like that, it makes you think about quitting."

Billy Graham, 33 in September, was thoroughly disgusted Monday night after losing a split decision to Danish Chris Christensen.

"When a guy like this hits you, it makes you wonder what's wrong," he said. "I'll know in a few days about fighting again."

Graham looked ring rusty in his second fight in seven months. He was slow and missed often against the faster Dane, who kept pouring leather at him through the 10 rounds at Brooklyn's Eastern Parkway. Christensen showed no solid power but he was too quick and too busy for the New Yorker, who came within a whisker of winning Kid Gavilan's welter title back in 1951.

Referee Teddy Martin voted for Christensen 5-4-1 and Judge Dave Stewart, 6-3-1. The other judge, Bert Grant, scored it for Graham 5-4-1.

Graham weighed 150, Christensen, 148.

Anderson Bros. End Eagles Win Streak

A string of eight straight National League softball victories came to an end for the Eagles last night as they bowed 2-1 to Anderson Brothers of Rapid River.

Marvin Thorsen pitched the win over the Eagles. Ron Nelson handled mound duties for the losers.

Mickey Owen Slams Gilt Edge Home Run

By BOB HOOBING

BOSTON (AP) —Mickey Owen's grand slam home run has put a gilt edge on his baseball memories and helped push the Boston Red Sox into fifth place.

There were two out and Boston trailed 7-5 in the ninth inning of the first game with Baltimore Monday when substitute catcher Owen came to the plate. Reliefer Mike Blyzka had a 2-2 count on Mickey when the 20-year-veteran sent a high curve ball into Fenway Park's left field screen. The Red Sox had won 9-7.

Mates Catch Fire

Owen's teammates took his example to heart and lashed out five homers in the second game for an 8-5 triumph. By the end of the day Boston had supplanted Washington in fifth place in the American League and was a scant half game behind fourth place Detroit.

Mickey showed up at the Red Sox Sarasota, Fla., spring training site this year trying to catch on as player, coach, anything. Boston took him on and he had helped spell Sammy White in 14 games.

38 Years Old

Mickey, now 38, has been in the majors off and on since he joined the St. Louis cardinals in 1937. As catcher for Brooklyn in 1941, his dropped third strike on Tommy Henrich in the World Series gave the New York Yankees a lift and they rallied from a 3-4 deficit to a 7-4 victory.

He left the majors to play in the Mexican League 1946-48, became ineligible. When he was reinstated, he joined the Chicago Cubs until they released him in December of 1951.

Last year he managed Piedmont of the Class B Peidmont League and this past winter piloted Caguas, Puerto Rico.

Yankees Take Look At Discarded Branca

NEW YORK (AP) —Ralph Branca, seeking another major league job after being cut adrift by Detroit, is making a good impression on Yankee manager Casey Stengel.

"He looked loose out there and doesn't seem to have any arm trouble," Stengel said Monday after Branca had pitched to the Yankee batters for almost 15 minutes.

"I don't know whether we will sign him," Stengel added. "We've got to make room first for Enos Slaughter who will be coming off the disabled list."

Furgol To Fire For PGA Crown

By HUGH FULLERTON JR.

ST. PAUL, Minn. (AP) —For the first time since Ben Hogan scored his first "slam" in 1948, the National Open golf champion is shooting for America's No. 2 pro golf prize, the PGA championship.

"Crooked Arm" Ed Furgol, surprise winner of the open, got into the PGA tournament under a rule which automatically qualifies the reigning open titleholder even though he may have missed out, as Ed did, in the sectional rounds.

Furgol is one of 135 players who'll start shooting Wednesday for 63 places in the match play bracket. After 36 holes of qualifying, the survivors will start Friday on the knockout phase, which winds up with next Tuesday's 36-hole final. Only the defending champion, Wally Burkemo, is exempt from qualifying and he plans to shoot for the $250 medalist's prize anyway.

QUESTION: With a runner on first base breaking for second with the pitch, the catcher holds a foul tip. Can the runner be doubled at first base because of the foul tip?

Answer: No, a foul tip is not a foul fly. It's just a strike.

Q. What are the principal reasons for a pitcher lacking control?

A. Spikes on top of the pitcher's plate, turning the head and eyes, changing the finger pressures on the ball, throwing across the body, lack of a follow through, overstriding and lack of a balanced position when releasing the ball.

Q. Did Eddie Lopat of the Yankees break into organized baseball as a pitcher?

A. No. Lopat began as a first baseman with Greensburg of the Penn State League in 1937.

Q. What is meant by "crossing the bag with the wrong foot" when they speak of a second baseman pivoting on a double play?—Andy Barberi.

A. The second baseman should always hit the bag with his right foot on a double play. It makes for easier throwing to first. If he uses the left foot—the wrong foot—he has to twist around too much and loses important time.

SPORTS IN BRIEF

By The Associated Press

Baastad, Sweden — Sweden reached the finals of the European zone Davis Cup play by defeating Belgium 3-2 as Sven Davidson beat Philippe Washer in the final match 7-5, 5-7, 8-6, 6-2.

Bill Posedel, coach of the St. Louis Cardinals, is nicknamed "Barnacle Bill" because he served in the Navy before entering organized baseball.

Major League Leaders

MONTREAL — Johnny Greco, 151¼, Montreal, outpointed Billy Lauderdale, 149½, Hialeah, Fla., 10.

LOS ANGELES — Ramon Tiscareno, 144½, Los Angeles outpointed Mario Trigo, 139¼, Los Angeles, 10.

Softball

Tuesday—Merchants vs. Clairmonts 7:15, Harnischfeger vs. Dells 8:30, P&H Juniors vs. Indees at Dock.

Weak Willie Is Tough On Tigers

NEW YORK (AP)—Guillermo (Willie) Miranda whose homer produced two runs in the New York Yankees' 8-0 victory Monday over the Detroit Tigers, has but only one other homer in his major league career.

Willie, a switch-hitter, who plays in the Cuban League during the winter, has a lifetime big league batting average of .222.

The 27-year-old Miranda has been used mostly as a late - inning defensive replacement for shortstop Phil Ruzzuto until manager Casey Stengel decided Sunday to give Rizzuto much needed rest. Now Miranda may be kept in the lineup.

Stengel plainly is worried by Rizzuto's inability to produce.

Phil, who will be 36 on Sept. 25, is batting only .203 and has slowed down perceptibly in the field.

Yesterday's Stars

Pitching — Harry Perkowski, Cincinnati Redlegs, gave up three hits as he blanked the New York Giants 1-0 in 12 innings.

Batting—Mickey Owen, Boston Red Sox, hit a grand slam home run in the Red Sox 9-7 victory over the Baltimore Orioles in the first game of a doubleheader.

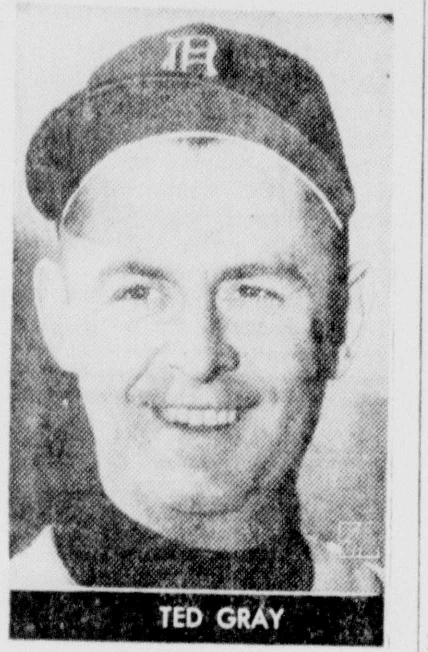
Gray Washed Up? 8-0 Licking Looks Like It



TED GRAY

PHILADELPHIA (AP) — Is Ted Gray washed up as a pitcher?

The Detroit Tigers pondered this question today as they prepared to meet the Philadelphia Athletics in a twi-night doubleheader.

Gray, at 29, should be near the peak of his career. Yet, these are the darkest days of his once-promising career.

The smallish southpaw is bothered by a sore arm. He has won only one game all season, losing three. It looks as though he's headed for his fourth straight losing seson.

Even Miranda Homers

Gray made his first start since June 16 Monday and was butchered by the New York Yankees, 8-0. They bombed Gray for seven hits and six runs in six innings.

Even L'ill Willie Mirando, who has trouble hitting the ball past the pitcher's mound, hammered a home run off Gray.

In recent times, there has bee talk of the Tigers trading Gray. Most of the discussions were with the Yankees, who reportedly offered Irv Noren for Gray.

It was reported, at that time, that Detroit felt Noren was not Gray's equal in a trade, and requested more than the Yankee outfielder—who now leads the American League in hitting.

Aces Throw Today

Allie Reynolds, the Yankee Super Chief, stopped the Tigers on only three hits—doubles by Ray Boone and Wayne Belardi and a single by Bill Tuttle.

Tonight's doubleheader against the A's gives Detroit a chance to sink one of their second-division foes a little deeper into the second division.

Fred Hutchinson has named his aces—Ned Garver and Steve Gromek — to pitch against Arnold Portocarrerro and Alex Kellner.

Irv Noren Ups Batting Lead

NEW YORK (AP)—Irv Noren of the New York Yankees has increased his American League batting lead to 19 points over runnerup Bobby Avila of Cleveland.

Noren, a left-handed hitting outfielder in his fifth major league campaign, gained 16 points on an 11-for-22 performance last week. He's hitting .360 to Avila's .341. Bobby had nine hits in 26 at bats.

Minnie Minoso of the Chicago White Sox moved into third place at .322 with a nine point climb on nine hits in 20 trips.

In the National League, Brooklyn's Duke Snider dropped six points to .361, but his closest competitors, Don Mueller of the Giants and Cincinnati's Gus Bell, also lost ground.

Mueller fell five points to .351 and Bell four points to .340.

Escapade Official Overall Winner

MACKINAC ISLAND (AP)—First-finishing Escapade, the giant yawl owned by Detroiter Wendell Anderson, is the official overall winner of the Port Huron-Mackinac yacht race.

The 72-foot, blue-hulled craft also declared winner of the Cruising A division.

Kandu was announced as winner of the Cruising B crown in the 235-mile jaunt, even though she lost 10 minutes to rescue a crewman who fell overboard.

Hoot Mon, the 15th ship to sail across the finish line of the record fleet of 67 starters, won the Cruising C title.

Second place in the overall race was awarded to Grand Rapids-owned Hilaria.

CARD OF THANKS

We wish to express our heartfelt thanks to the many friends and neighbors who, by their acts of kindness in the death of our husband and father, helped to lighten our burden of sorrow. Especially do we thank Fr. LaMothe for his comforting words, the pallbearers, those who loaned cars, and the many friends who sent floral offerings and mass cards. We thank you all.

Mrs. Violet Getzloff,
Barbara Getzloff,
Reuben Nantell
and Sisters and Brothers.
A7200-201-1t

We wish to send a thank you to all who sent gifts to us for the wedding and reception.

Thnk yaou.
Mr. and Mrs. John Gouin.

Account No. 28030
NOTICE OF SALE
Dated: July 12, 1954
To: Mr. Stacy Cousineau

PLEASE TAKE NOTICE that by reason of your default in the payment of certain moneys due under a certain contract executed by you on or about April 30, 1954 the undersigned will sell at public auction to the highest bidder for cash at Ludington Motors, Inc., Escanaba, Michigan, on the 21st day of July, 1954, at 10:01 A. M., the following property:

1951 Kaiser 6, 4 Dr. Dlx.
Motor No. 2102279A
Serial No. K512-060156

The proceeds of such sale will be applied first to the payment of the expenses of sale; second, to the payment of the expenses of retaking, keeping and storing the property described above; and, third, to the satisfaction of a balance of $657.72 owing under the contract, but less the discount provided by law.

We reserve the right to bid on the property.

GENERAL MOTORS ACCEPTANCE CORPORATION
By R. G. Shackelford
11899-July 19, 20

NOTICE TO BIDDERS

Sealed bids will be received by the City of Escanaba, at the office of the City Clerk, Escanaba, Michigan, on or before 8:00 P. M. (E.S.T.) Aug. 5, 1954, for the purchase of one (1) 1½-ton truck. The bids will be publicly opened and read at the council meeting to be held on said date.

Bidder's proposals and specifications are available at the office of the City Clerk.

A certified check or bank draft drawn payable without condition to the City Clerk, Escanaba, Michigan, in an amount not less than ten per cent (10%) of the bid shall be submitted with each proposal as a guarantee that if the bid is accepted, the bidder will furnish materials or services as stated in his proposal. On failure of the successful bidder to fulfill the conditions of his proposal, he shall forfeit the deposit as agreed and liquidate damages, and the acceptance of the proposal will be contingent upon the bidder agreeing to this proviso.

The City of Escanaba reserves the right to reject any or all bids, or any part of any bid, and to waive any irregularities in the bidding.

Envelope enclosing bid to be plainly marked "Truck bid, to be opened Aug. 5, 1954".

GEORGE M. HARVEY,
City Clerk.

New Equipment Makes Outdoor Dining Real Fun

By VIVIAN BROWN
(AP) Newsfeatures Writer

ONE OF THE JOYS of warm weather is outdoor dining.

Years ago backyard and terrace dining were limited to picnic type fare. But with the advent of chic weatherproof furniture outdoor dining took on a new glamor.

Now the family may enjoy brakfast, lunch and dinner outdoors when the weather is nice. The table, chairs and cushions may remain outdoors. Even the plastic table cover or place mats will not be harmed by sudden showers.

Designers are creating beautiful but sensible tableware for open air dining. There are delightful items in the inexpensive bracket to charm any outdoor table. New glassware in bubbly, light-flecked emerald green has the textured look of more expensive and even antique glass. It is well-designed, adding a particular note of charm, considering that it may be found in dime stores and gift shops.

* * *

LAZY SUSAN'S are perfect for outdoor tables to hold pickles, relishes, radishes, celery and may be had in glass as well as other materials. So, too, the casseroles are available in gaily colored, individual ovenware glass that may go from oven to table in a jiffy. Take your choice of sunny yellow, green, red and grey.

Outdoor table coverings are particularly elegant. These are made of washable non-woven nylon in some instances, with the look and feel of doeskin with colorful hand-screened designs on either black or white backgrounds. Plastic placemats may simulate linen, silk or other fabrics in lattice, crochet, knit or other designs. Straw place mats are very popular. Any of these may be wiped off with a damp cloth.

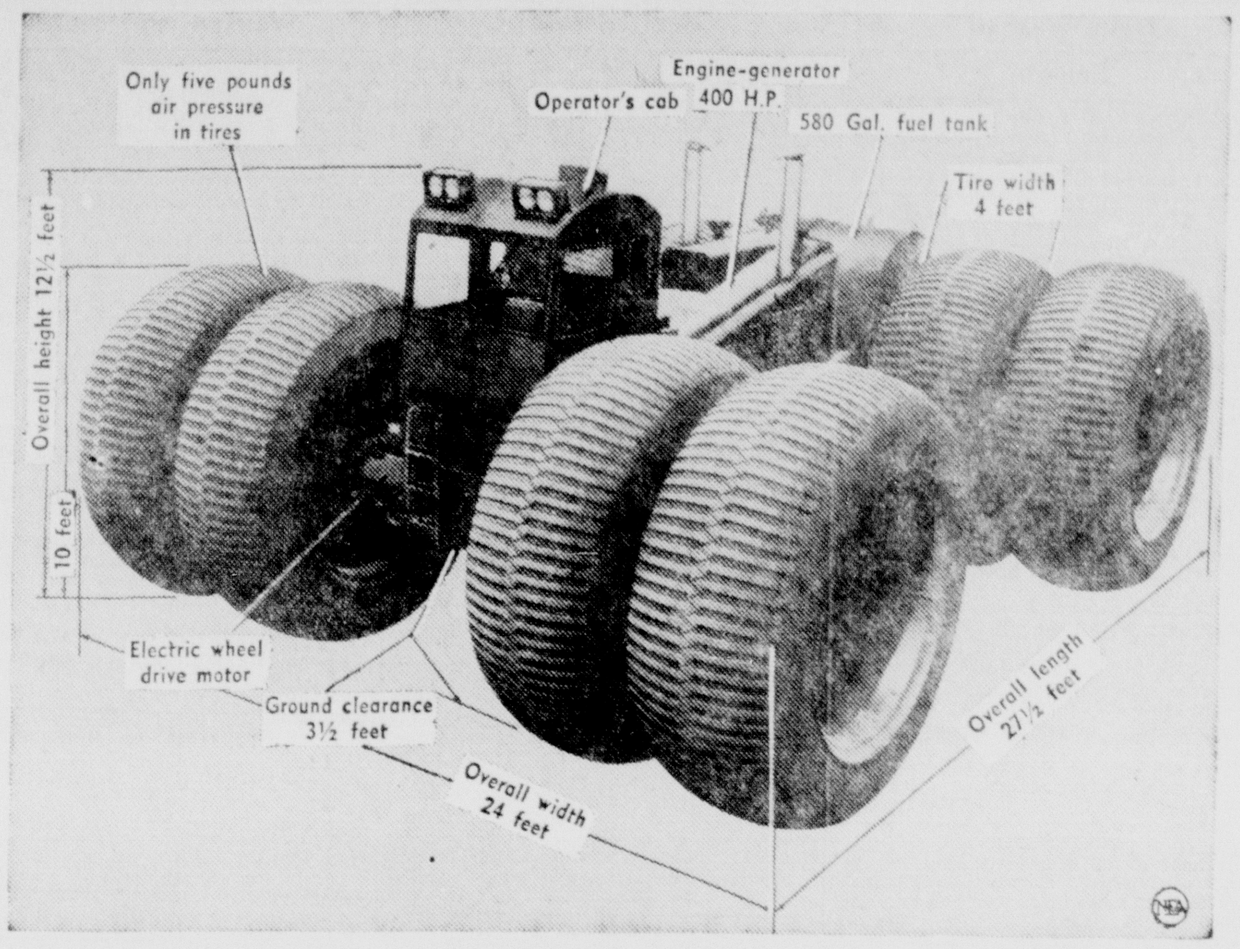
* * *

EVEN INSECT repellent is available in candle form in smart glass or other containers that will not detract from your table setting.

Evening dining may be enhanced particularly by candlelight. If you really want your table to look chic put a candle in a small flower pot, painted white or a color to harmonize with your table cloth. The advantage of the flower pot (besides being cute) is that the dirt will anchor the candle, keep it from blowing over and prevent it from igniting your table cloth.

TEXAS VARIETIES

Texas, due to its position, size and shape, has a great variety of climatic conditions. It has mountains, plains, forests and seacoasts, embracing an area of 265,896 square miles, which is 8 per cent of the entire nation.



Sno-Buggy Is A 'Big Wheel' Of Worlds Weird Vehicles

"Floating" on a battery of the world's largest tires, the "Sno-Buggy" shown in picto-diagram above is on its way to the Arctic for testing as a trail blazer through deep, soft, powdery snow. The 23-ton vehicle is one of the latest products of R. G. LeTourneau, of Longview, Tex., noted for the invention and development of gigantic special-purpose machines. The Sno-Buggy is also suitable for boggy swamplands, shifting desert sands or any unstable terrain. Each of the four dual wheels has its own built-in electric drive motor and gearing system, giving it all-wheel drive and all-wheel steering. Size of the huge rubber-tired wheels can be appreciated by contrast with men standing before them, left.

Whole World Ticks On His Clock

By ROSETTE HARGROVE

PARIS —(NEA)—The most incredible clock of all times is now ticking away in Paris.

It is comparatively small—39 inches high, 27 inches wide and 15 inches deep. But it gives the time in every country, the days and months of the year as well as the dates of Easter holidays.

Besides this it indicates the movement of translation (what is known in astronomy as the lunations or synodical months), the effect of night and day on the globe, the real time (solar) and the mean time (which is given by our clocks), and also the times of the eclipses of the sun and the moon. Lastly, it is self-winding.

The creator is F. J. Senac, who spent 10 years in its construction. It is made entirely of rock crystal, and he alone knows the secret of its intricate workings.

* * *

An artisan clockmaker, Senac declares that his art is a vocation, not a profession.

"I was four years old when I started to take clocks and watches apart. the sight of a watch which did not work made me positively unhappy," he says.

His father wanted him to be a doctor like himself. But instead of studying medicine, young Senac would cover the margins of the Latin and Greek textbooks with computations on the mechanism of clockwork. When his father died in 1917, Senac had already established a clandestine clientele and owned a complete set of tools.

Today, Senac is the owner of the most extensive collection of books on clocks constructed since the 14th Century. He studied the defects and qualities of clocks throughout the ages before constructing his extraordinary model.

Police Find $100,000 Painting Stolen From San Francisco Museum

SAN FRANCISCO (AP) — A 350-year-old Rubens painting, stolen Saturday from a museum, was recovered undamaged early Monday from the home of Lloyd Galloway, 26, jailed on suspicion of the theft.

Police said Galloway, an unemployed teamster, said he had no idea of the value of the eight square inch portrait of Archduke Albert of Austria. Experts attributed it to the Flemish master Peter Paul Rubens and estimated its value at $40,000 to $100,000.

Reporters Pierre Salinger and Bill O'Brien of the San Francisco Chronicle said they had persuaded Galloway in city jail to lead police to the painting—elaborately wrapped to disguise it as a large pincushion.

They said Galloway told them he took the painting from the De Young Museum "to make a few bucks to tide me over. I know people like art."

New Prawn Is Found Near Santiago, Chile

ROME (AP) — A giant new prawn has been dredged up near Santiago, Chile. The Food and Agriculture Organization of the United Nations, with Headquarters in Rome, says it's succulent and mysterious.

An FAO biologist recommended that fishermen try some deep trawling along the edge of Chile's continental shelf.

Some of the fishermen made hauls of a half a ton of the new species. The new prawns have not been named, a fact which is causing practically no concern in Chile. Fishermen continue to haul them up, the markets are buying them at high prices and local prawn patrons are eating them with relish.

To Float Standing Is Very Difficult

SOUTH HAVEN, Mich. (AP) — Most anyone can float, says Iver Johnson, but when you can float standing up you've accomplished something.

Johnson has been clocked floating in a vertical position for 20 minutes with out twitching a muscle.

It's 99 per cent control of the spine," said the 47-year-old retired accountant. "When the spine is straightened from its usual curved position to a perfect plumb line, you flot vertically, Of course, the mind must be absolutely serene —otherwise you'd sink," he said.

Johnson swims about a mile out into Lake Michigan to practice. It took him 12 years to master it.

"Think it's easy?" says Johnson. "Try it sometime."

ENROUTE TO JAPAN — A/2C Marvin A. Horchner, son of Mr. and Mrs. Del C. Konkel, 312 S. 16th St., is enroute to Japen after being processed at McChord Air Force Base, Wash.

The first foreign salute to American sovereignty was fired in the Dutch colony of St. Eustatius in the West Indies in 1776.

The Slam Of A Door Is Cause For Divorce

DETROIT (AP) — Gordon Mitchell, 27, was acquitted of assaulting his wife with the door of their home. Mitchell came home one night and found his wife Margaret, 25, entertaining some women friends with whom she likes to sing "barber shop" tunes.

Mrs. Mitchell went outside to bid them goodnight. Mitchell slammebd the door. Margaret slammed it back. He slammed again. So did she. The next slam caught Margaret's elbow. It went through the glass in the door. Her arm was cut. She went to court.

Assault and battery was out. Mitchell hadn't laid a finger on her. So she charged him with "assault with a grade door."

Justice of the Peace Randall C. Koehler decided that whole thing was an accident and acquitted Mitchell.

Million Fight Flood

HONG KONG (AP) — Communist radio Hupeh at Hankow said more than a million volunteers are working day and night to stem flood waters of the Han and Yangtze rivers in Hupeh province. The radio said the flood disaster was "far over all previous historical records." It added a million volunteers were repairing dikes for a distance of 470 miles along both river banks.

NEW! Ideal for Summer Driving— boosts Engine Power up to 25%*
over results with conventional premium gasoline!

* Laboratory controlled tests in passenger car engines showed increases in engine power output up to 25% when using New Mobilgas SPECIAL as compared to conventional premium gasoline.

Mobilgas SPECIAL
Mobilgas
SOCONY-VACUUM
There's a Tune-Up in Every Tankful
Now at Mobilgas Dealers!

The Only Gasoline
DOUBLE POWERED
WITH
1 Mobil Power Compound
most powerful combination of chemical additives ever put into any gasoline to correct engine troubles...
2 Top Octane
for greatest knock-free power — result of the world's most advanced refining developments!

NOW, in New Mobilgas SPECIAL — Mobil Power Compound, an exclusive combination of chemical additives developed by Socony-Vacuum — has been *combined with top octane* to bring new on-the-road benefits to every motorist:

Boosts power up to 25% — improves *every* car's performance!

Checks pre-ignition ping with Mobil Power Compound's amazing additive, RT 125.

Corrects spark plug misfiring due to combustion deposits — increases life of spark plugs up to three times.

Controls stalling due to icing of the carburetor, thanks to GLYMONATE, unique de-icing additive.

New additive, RT 200, reduces engine-formed gum — cuts waste of fuel.

Combined with top octane, Mobil Power Compound creates an entirely new kind of gasoline — New Mobilgas SPECIAL — *double powered.*

You get top anti-knock power — faster starting — protection from vapor lock — the greatest protection against engine troubles ever offered in *any* gasoline.
